“Nikki sang for us in church whilst she was in Sydney. The power of her voice and the obvious enthusiasm for her music brought a new experience to our worship. We appreciated her spirituality in her Gospel music.”

“It has been wonderfully entertaining to have Nikki perform for us at Redstone Highlands Retirement Community. Not only is she an accomplished singer and pianist but she makes the effort to know her audience. Her music selections reflect what is familiar to her audience while adding a little gospel and something contemporary. I think she would be comfortable in any venue.”

“Dear Nikesha and Earnestine,

Thank you so much for sharing your sacred musical talents at Greensburg's Luminary Night 2015. So many people remarked they were uplifted and blessed in that sacred space in a way that they hadn't felt for a long time. They also remarked about the electricity between the two of you throughout your performance.

The quality of your performance definitely shows you have been called by God to spread the Gospel through music!

Have a blessed Christmas!

God bless you in your continued music ministry. Thank you for contributing to Zion's ministry!”

In Christ,
