Letter from Michael Scholes (owner and founder)

Please find in this price list my personal collection of essential oils that I have named “*The Library of Fragrance*”. This library contains every oil that has crossed my path in over 35 years as a teacher, formulator, and natural perfumer. This may be one of the largest collections of essential oils anywhere. While I initially purchased these oils for my own formulations, I am also willing to share these aromatic wonders with you. The majority of these oils we have in stock in various quantities, All the oils listed here are available from 2ml (1/16th oz) to 120ml (4oz). Larger sizes are available on request as are pricing for legitimate health professionals and qualified wholesale accounts. My goal is to make as many of the oils available to those who would like to purchase rare, precious and specialty oils in smaller amounts. Welcome to my world. Oils are standing by. Aromatically yours. Michael labofflowers@gmail.com
