

## **ACOA is Proud to Present:**

### **Rock Chapel Elementary School Garden**

ACOA is looking for Public Health Officer volunteers to assist garden maintenance at the Rock Chapel Elementary School with a flexible schedule throughout the month of May!

\*Uniform of the Day: Volunteers must wear closed-toe shoes and comfortable clothes suitable for outdoor work and getting dirty.

There's plenty to do, and you can volunteer whenever it works for you, stay for an hour or the whole time! Every bit of help makes a difference.

We encourage officers to come out together as a group or participate individually with family and friends to support this important community effort. It's a great opportunity to build camaraderie, give back, and enjoy time outdoors.

Come get your hands in the soil, support the community, and be part of something meaningful. We hope to see you there!

Volunteer Activities Include:

- Raking leaves
- Rearranging mulch
- Weeding
- Preparing garden beds
- Tidying the rock pathway

This is a family friendly event with no age restrictions; however, all children must be supervised due to the cactus plants and large rocks in the garden.

You must **RSVP** by emailing CDR Sabrina DeBose ([sof7@cdc.gov](mailto:sof7@cdc.gov) and [sfdebose@gmail.com](mailto:sfdebose@gmail.com)) by May 27, 2026.

Date: Saturday, May 30, 2026  
Time: 9:00 AM – 11:00 AM  
Location: Rock Chapel Elementary School  
1130 Rock Chapel Road  
Lithonia, Georgia 30058
