

Hello All,

Attached you will find the application for the Gene Richmond Scholarship Program. Gene Richmond was the match director for the PCGC USPSA discipline for over 20 years and a past president of the Putnam County Gun Club. Gene had a strong work ethic and put his self through college while working. He was also a fantastic mentor at both PCGC and his workplace. Gene passed unexpectedly last November and the PCGC USPSA discipline, with the help of the Putnam County Gun Club and several other donors, decided to establish a scholarship in his name. This scholarship is specifically for the children of PCGC members only and will be awarded to someone currently enrolled or seeking enrollment in either a college or trade school. The person or persons we are looking for must have ambition to succeed in both school and life and have a strong work ethic. If you believe you are that person, please fill out the attached application and submit it by September 27th either by mail or email to the addresses listed on the application.

Thank you,

Michael Thompson and Matt Bowen

PCGC Match Directors

Application for the Gene Richmond College or Trade School Scholarship Program

Name _____ Phone# _____
