LCBA Mission Statement

*To Promote
Beekeeping
through Education,
Cooperation, or
any other Efficient
Means*

Bee a Part of Beekeeping's Future!

Our vision is to provide a state-of-the-art building that will act as a year-round educational resource and a state emblem for agriculture, honeybees, pollination, and their significance to food security, to name a few.

Support of the LCBA Building Fund will help build a beekeeping facility to better serve the community today and for future generations.
