YOUTH EDUCATION PROGRAM

**Are you interested in becoming a beekeeper?
Are you between the ages of 11 and 18?**

Then check out LCBA's Youth Education Program. Information and details of the selection criteria, the process, and the application are on the LCBA's website: www.loraincountybeekeepers.org.

The Program guides the participant through a full year of beekeeping. Activities include: learning about beekeeping equipment, installing bees in a hive, hive inspections, disease management, extracting honey, and winter preparation.

If you are a member of 4-H and interested in doing the Beekeeping Project 641, the Youth Education Program will meet the goals, learning activities, and experiences needed to complete the Project.

After completing one year of the Youth Education Program, the student will be eligible to apply for a sponsorship and, if chosen, will receive a beginner's beekeeping kit and a package of bees.
