General Notes
<ol style="list-style-type: none"> 1. We need to get rid of those random chairs in the front row, as today people actually sat in them and come up for improv, where we didn't have enough seats for them. 2. Veron and Ruby's fight looked amazing today! Shout out to Ash M. and Baylee M.!
Scenic
<ol style="list-style-type: none"> 1. As the trim keeps falling off, we ended up just removing the whole thing. It will get fixed before the show tomorrow. 2. During Ruby and Veron's fight, a good amount of blood got on the table. 3. During Act II, everyone's shoes got very sticky, which resulted in the shoes making strange noises. We will prevent this in the future by wiping shoes during intermission.
