

IT'S TIME TO TALK NEIGHBOURHOODS

What do neighbourhoods mean to you?
What could they mean for you?

For residents, carers, community organisations and health and care partners.

WHAT MATTERS LOCALLY?

What helps people stay well?
Which relationships, places and
services do they already trust?

WHAT NEEDS TO CHANGE?

Where are the gaps, barriers or
repeated handovers? What
would make support easier to
reach?

WHAT WOULD MAKE IT WORK?

What must partners agree
about people, premises,
funding and responsibility to
turn the vision into reality?

Every neighbourhood is different. The conversation starts with listening.

A conversation starter to accompany the TMPM Neighbourhood Journey Map.

LET'S START A CONVERSATION
