COMMITMENT AND BASELINE

- **TMPPM is committed to achieving Net Zero emissions by 2050.**
- The 2023 baseline is the reference point for measuring future reductions.
- No previous Scope 1, 2 or 3 emissions were assessed or reported; a new baseline was created.

BASELINE EMISSIONS - 2023

- **Scope 1: 0.68 tCO₂e.**
- Scope 2: 2.33 tCO₂e.
- Scope 3 included sources: 0.671 tCO₂e.
- Total baseline emissions: 3.681 tCO₂e.

REDUCTION TARGET

- **Projected emissions of 2.0 tCO₂e by 2028.**
- This represents a 54% reduction against the stated 2023 baseline.
- Environmental management measures and projects will be assessed against the baseline.

REPORTING AND SIGN-OFF

- **Prepared in accordance with PPN 06/21 and associated guidance.**
- Reporting aligns with the GHG Protocol corporate standard and relevant Government conversion factors.
- Scope 1 and 2 reporting aligns with SECR requirements and the required Scope 3 subset.
- Signed: Christopher Taylor, Managing Director. Date: 13 March 2024.
