

TURN PRESSURE INTO PROGRESS.

Strategic leadership and hands-on delivery for NHS organisations, councils, commissioners and health & care partners.

01 ASSURANCE

Prepare for CQC and wider scrutiny with self-assessment, evidence mapping and governance reviews. Turn gaps into an owned improvement plan, with clear risks and progress reporting.

02 PERFORMANCE

Understand demand, delay and bottlenecks. Use a focused diagnostic and system reset to improve flow, strengthen accountability and equip teams to sustain change.

03 TRANSFORMATION

Shape neighbourhoods, pathways and integrated care around people. Connect co-production, commissioning and affordability through a shared model and practical delivery roadmap.

NEED CAPACITY TO DELIVER?

Interim leadership, programme recovery, virtual PMO, commissioning, data and targeted automation – tailored to your priorities and capacity gaps.

A CLEAR ROUTE. A CAPABLE PARTNER.

EXPERIENCE THAT COUNTS

14%

reported reduction in social care costs through community-led support.

Reported programme results, including earlier roles. [1]

£1.5M

savings target surpassed in a Continuing Healthcare improvement programme.

WHY TPMPM?

Experienced practitioners who understand public services. We combine clear governance, honest advice and collaborative delivery, bringing the right specialists around your brief and transferring capability to your team.

HOW WE WORK WITH YOU

- 01 Understand** Agree priorities, outcomes and a clear baseline.
- 02 Mobilise** Define scope, owners, milestones and measures.
- 03 Deliver** Review progress, tackle barriers and hand over well.

LET'S TALK.
