

WP2: System Reset Sprint (12 weeks)

► WP2: System Reset Sprint (12 weeks)

Audience

This is for senior system leaders and directors across Adult Social Care, NHS community and urgent care services, and place-based partnerships who are facing sustained operational pressure, poor flow, and lack of grip on performance.

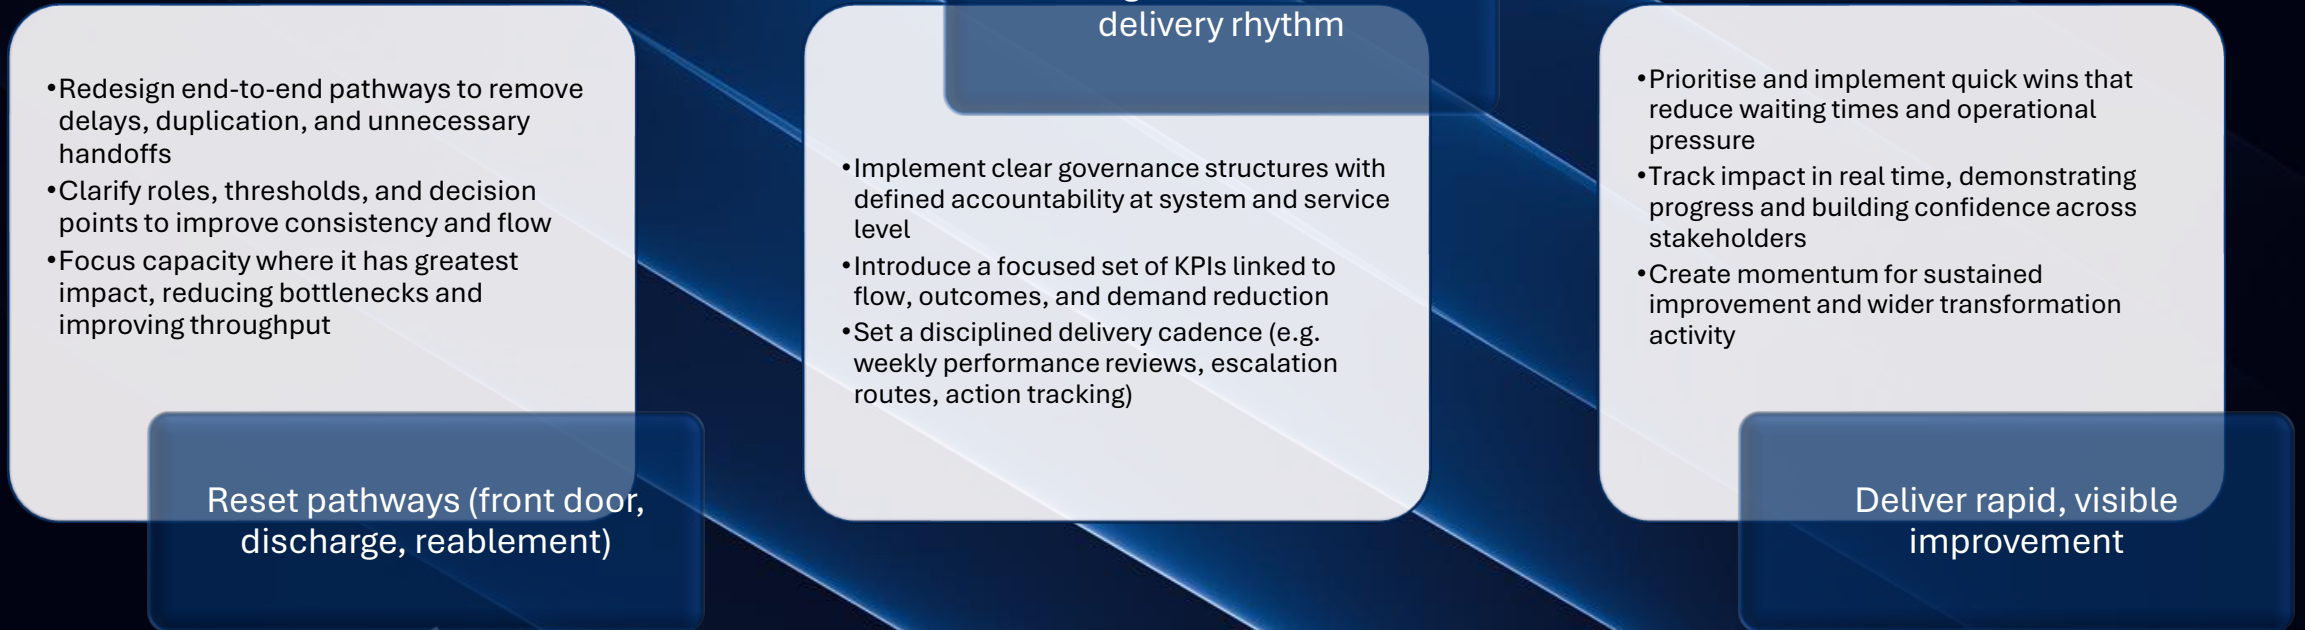

- Directors and Heads of Adult Social Care, Community Health, and Urgent Care
- ICS / Place-based system leaders responsible for flow, discharge, and performance
- Transformation, commissioning, and operational leads accountable for stabilisation and improvement

What this delivers

A high-impact, delivery-focused sprint that resets critical pathways and restores control, flow, and performance across the system, fast.

- Reset system flow where it matters most
- Rapidly redesign front door, discharge, and reablement pathways to unblock delays, reduce duplication, and improve throughput.
- Reassert leadership control – put in place clear governance, KPIs, and a disciplined delivery rhythm, giving directors real grip on performance and accountability.
- Deliver immediate, visible improvement – Implement practical changes that quickly reduce waiting times, stabilise services, and improve user experience.
- Align the whole system behind one model – Create clarity across ASC, NHS, and providers, reducing variation and friction in delivery.
- Lock in sustainable performance – Embed the structures and behaviours needed to maintain gains and support ongoing transformation.
