

April 19, 2021

Dear Arkansas Dermatological Society members,

Thank you again to the organizers of a wonderful meeting this past week and to the outgoing president Dr. Mabry. This quick email is to summarize my comments regarding continuing UAMS Dermatology opportunities that may be of interest to you.

1. **Dermatology Grand Rounds.** Weekly, Wednesday 7:30-8:30/9:00 AM. Currently being held virtually via Zoom platform; we are investigating the option of continuing to stream conferences even when we return to face to face meetings. **CME is provided.**
 - a. Grand Rounds relies on patient referrals from our community! Patients may have classic examples of dermatologic entities (teaching cases), patients whose diagnosis is in question, or patients who require discussion of management options. Currently, we are presenting patients virtually (and can do so indefinitely), allowing for referrals from all over the state.
 - b. To refer a patient to UAMS Dermatology Grand Rounds, please contact our chief resident, Dr. Stephen Matlock (SMatlock@uams.edu), who will help arrange scheduling efforts.
 - c. To be included on our Journal Club announcements (if you are not currently receiving them), please email our chief resident Dr. Stephen Matlock (SMatlock@uams.edu).
2. **Dermatology Journal Club.** Monthly, last Tuesday of most months, 6:30- ~8:00 PM. Currently being held virtually via Zoom platform. **CME is provided.** Bring a current article to discuss with the group.
 - a. To be included on our Journal Club announcements (if you are not currently receiving them), please email Ms. Amanda Blagg (AGBlagg@uams.edu).
3. The **Central Arkansas VA Hospital**, a critical training site for our residency program, is actively recruiting for a **VA Dermatology chief**. This person would work closely with UAMS Dermatology. For more information, please contact Dr. Eugene Smith, chief of Medicine at VA: EugeneS.Smith@va.gov

Thank you for your continued involvement with and support of UAMS Dermatology. My contact information is below; I'd be happy to hear from any of you at any time.

With gratitude,

Sara Shalin, MD, PhD
Chair, Department of Dermatology
