1. Albert Tetreault came to report that a contract has been signed with the Pafundis for the property. The money is being help pending proof of insurance and proof of municipal status to gain a refund on real estate taxes paid to the State. Amanda will get this documentation for the library.
2. Lyndie came to report that he was approached by Regional Planning. They have stimulus money for a fire station. This is a 20% match grant. Deadline is July 10th. The match would require a vote by the townspeople. Grant submission needs plans, permits, road plan, site plan. MM to get photos from Mike Dugan if not in file. Brian should go ahead and pursue this grant.
3. Julie came to discuss the common school bids. Two bids were received. One bid received on window restoration – Wunsch Construction for \$6700. One painting bid for the exterior of the building \$27,880. Discussion by select board was to try to do the windows and paint one side of the building. At least do the windows and at town meeting put a line item in for painting. Tom made a motion to repair the windows and paint the front of the building and do necessary repairs around the pillars. We need to know the cost of a smaller project and how much the school is going to contribute. Next year we will ask the taxpayers for more money for upkeep and a special line item for painting. Gavin seconded the motion. All in favor. MM to do a thanks but “economics beyond our expectations” letter to the two who bid. Julie to come to next meeting with a plan for window repair.
