

JOSHUA PAUL

Gold album artist that has taken a ten year break to re assess my role in this industry

Joshua has toured the West coast with big names (see below). Signed to City Hall records in the Bay area. Sound is like Sturgill Simpson, Hank Williams, with a twist of hip hop. www.whoisjoshuapaul.com is our website. I am a professional blogger, and Podcast host. (itunes and Spotify "wash your thoughts")

Along with 4 other projects distributed worldwide. Joshua is Deacon who serves communion and blesses food and religious ceremonies. The Hemp and Cannabis he grows is 100% Kosher blessing all of his products from seed 2 scale (www.hempseed2scale.com) (www.leafofluxury.com)

Appearing on Cannabistalk FM 101 in Hollywood CA "Pot Brothers at Law" Non profit organizer "Hemp not Lawns" and "The Council of Marijuana Law activists USA" Joshua was at a place in his career ten years ago that was life changing. After my contract ran up with Thizz Entertainment Joshua took his albums went solo. Joshua took a ten-year break and spiritual journey to re discover his role as a leader in this world. Joshua was stuck in the wrong genre (hip hop) and supporting negativity. Things had to change. Respect for women was/is pertinent to living a pure life free from negativity. Joshua has a new theme that he lives by. "LOVE IS AS LOVE DOES". Lead by example and pay it forward with transparency and give back to the community always.

Promoting negativity and leading the wrong people...Not anymore! Joshua is focused primarily on leading the addiction community towards golden roads. Joshua has a great leadership role in Portland Oregon Especially where he has ads in the local papers running continuously. Joshua Used to be allowed the TV promoting his albums in the past and traveling to connect dots in other target hot spots provided by City Hall Records. Joshua is self-taught as his father died young and was issued Ward of the State since age 12 living in Foster homes. Graduating High school at 16 and post College age 21. Joshua flourished selling Cannabis and branding products as well as creating them. Organic chemistry is a hobby he took professional. Building extraction facilities and managing two nationally recognized companies in different Industries. Joshua is working on two patents for products that will benefit mankind for the better good. Paying it forward as he has continuously done for 20 years in Customer service and sales.
