

## Ryan Kennedy Joins Leadership Logic Board

The CEO of Atom Power is a 24-Year Electrical Sector Veteran.

Oct. 29, 2019 (CHARLOTTE, NC) Ryan Kennedy, P.E., CEO of [Atom Power](#), was named Monday, October 28, 2019, to the Leadership Logic Consulting Board. Mr. Kennedy, who is based in Charlotte, NC, will act as Steering Committee Chairman of Special Projects. He has been working on high profile commercial electrical projects for over 24 years, joining Atom Power in 2012. Mr. Kennedy was named CEO in 2015 and has positioned Atom Power as a “true solid-state power distribution products company.”

“Ryan brings his unique perspective to Leadership Logic Consulting and we are looking forward to working with him to realize our long-term goals while fulfilling our mission of providing complete training solutions,” said Dr. Tim Oergel, Chairman and CEO of Leadership Logic Consulting.

“As our industry rapidly changes, I am thrilled to be a part of this training organization as we pivot to new technology and move into the future,” said Mr. Kennedy.

Leadership Logic Consulting offers fully-customized training programs designed to produce highly skilled aspiring leaders and executives. The curriculum is accredited by the guideline authority of the Advancing Academia Commission on Higher Education AACHE, and is qualified by the American Advanced Technology & Cybersecurity University as transferable college credit. These special programs are offered to transitioning Military Veterans and Data Center Professionals in conference-styled workshops, small study groups, or one-on-one sessions. Leadership Logic Consulting is an AACHE recognized Certified Teaching Alliance of AATC University.
