Joint Force Solutions Furthers Mission

Military Veteran Dr. Tim Oergel Joins American Legion Post 115.

Nov. 12, 2019 (GREER, SC) Dr. Tim Oergel, D.MPM, D.MCO, CEO, Joint Force Solutions, and Board Chair, Founder, and CEO, American Advanced Technology & Cybersecurity University (AATC), has joined American Legion Post 115 in Greer, SC. Dr. Oergel, a 14-year military veteran, will be developing a scholarship program with the American Legion focusing on the mission critical industry for military veterans transitioning into civilian life.

"I am excited to create a scholarship program for returning veterans because not only are we providing mission critical education through Joint Force Solutions and AATC, our ongoing goal is helping military veterans, which is an important part of our purpose," said Dr. Oergel. "I am looking forward to giving back to the community through educational outreach."

"Our partnership with Joint Force Solutions aligns with our mission of providing assistance and guidance for veterans and military personnel," said Bob Starliper, Commander, American Legion Post 115. "Helping veterans use their training and experience to better their lives, is the American Legion's duty."

Leadership Logic Consulting, LLC., and the American Advanced Technology and Cybersecurity (AATC) University are the 'Charter Member Organizations' of the newly formed consortium of Network Alliances known as Joint Force Solutions™. This consortium is comprised of a Joint Conferencing Networking Training Force, (JCNTF Council®) which takes into consideration the current use of training standards, advances in technologies, and takes the nationwide workforce development initiative to the next level by adopting conferences, seminars and networking activities for enhancement and benefit to its members and the mission critical / data center industry.
