

St Thomas, USVI

The island was originally settled around 1500 BC by the Ciboney (Taino) people.

Christopher Columbus sighted the island in 1493 on his second voyage and named them "Santa Úrsula y las Once Mil Vírgenes," after the legend of Saint Ursula and her 11,000 virgins. This was later shortened to "Las Virgenes," which means, "The Virgins."

In 1917, The Virgin Islands were purchased from the Dutch by the United States for \$25 million in gold. In 1927 citizenship was granted to residents of the Virgin Islands.
