

The Saint George Alumni Board is requiring both our Reunion Luncheon staff and all the attendees to be fully vaccinated and masked. The masking is mandated by an Illinois restaurant law. The banquet facilities are huge; they are open; and they are well ventilated. Moreover, Illinois' health metrics have been trending SAFE for some while now. That said, all of us need to assess the Covid issues on our own terms. So far 150 alums have signed up. I am now one of those ticketed alums but my decision was very recent and this note is late. Join me and I'll buy you a drink! Here are the Reunion details:
