

Profile

Property insurance underwriting consultant with unique qualifications and extensive market knowledge.

Started Lighthouse Consulting in 2007 to provide offshore property reinsurers with high quality property underwriting audits. Expanded audit services to include MGA/fronted programs and facultative reinsurers. Also provide expert witness testimony for litigation.

Prior to Lighthouse had over thirty years of property underwriting experience in all market segments such as Global, National Accounts, Mid-Market, E&S, and HPR loss control and underwriting.

ROBERT MEDEIROS

Owner, Lighthouse Consulting, LLC

WORK EXPERIENCE

Lighthouse Consulting, LLC; Charlotte, NC **2007 to present**

Founder and owner Provide property underwriting audit services to Bermuda reinsurers in support of property risk and cat treaties. Audit insurers in all market segments including Excess and Surplus, National Accounts, and Middle Market. Typical audit services include:

- Review of account selection against underwriting guidelines and good underwriting practices.
- Analysis of catastrophe models and other rating tools in pricing and selection.
- Review of account handling such as loss control, underwriting authority, and policy terms.

Other consulting services include property underwriting audits on MGA or Fronted programs and on facultative reinsurers. I also provide expert witness services. Please visit my website:

www.lighthouseconsulting.us.

Arch Insurance Group **2006-2007**

Vice President, Global Property. Property Executive on a \$75 million business unit that wrote shared and layered property business in the worldwide Fortune 1000 market: responsible for all underwriting and catastrophe management guidelines. Had a team of underwriters in seven U.S. and European cities and performed referrals beyond Regional authority. Led project teams to implement catastrophe models in the underwriting workflow.

Royal and SunAlliance (RSA) **1993-2005**

Vice President, Property Practice Leader 1993-2003. Led a \$600 million property business unit which included small business, middle market, national accounts, and surplus lines. Responsible for underwriting, catastrophe management, line management

including ISO and independent forms, underwriting training and authority. Achievements include:

- Initiated the use of cat modeling at RSA by partnering with Corporate Reinsurance.
- Led the initiative to license and implement new desktop cat modeling tools for transactional underwriting.
- Worked with IT to implement a sophisticated flood underwriting tool into an underwriting workstation.

Risk Executive 2003-2005: RSA placed in run-off by UK parent in 2003. Transferred to newly created Risk Office as Risk Executive, Implemented companywide Enterprise Risk Management protocols.

Johnson and Higgins

1986-1993

Vice President, Property Department Manager. Multi-national insurance broker. Led a team of ten brokers and support staff in Philadelphia. As the senior broker handled placement and servicing on the office's largest accounts. Consistently met or exceeded income and expense targets.

Industrial Risk Insurers

1977-1986

Various positions in highly protected risk (HPR) engineering and underwriting. Started with the Baltimore field office in 1977. Conducted field engineering on large commercial and industrial facilities. Transferred to London, England in 1979 to open the engineering office and supervised a staff of five engineers. Repatriated in 1982 to an underwriting position in Philadelphia.
