CRYPTO RECEIPT
Transaction #:"RPIZPX"
02/05/2021 10:24:33 PM
Amount: 20 USD Fee: 0
USD Crypto: 0.00050906
BTC Sent to:->
1GBWHaR3TpBVFbhawLs
Jc7WoK5veQnYDDr:±1
```

Receipt with "Private Key":

```
0.00050906 BTC
Address:
1GBWHaR3TpBVFbhawLs
Jc7WoK5veQnYDDr
Private key:
L41QfvBNK1TwmNc6175n
7PSgLTKCDv5XZQm1Wp
NjivDJieU6Xhio.
```

- 3) Copy and Paste the Message with the Private Key to a New Note on your phone.
- 4) From there: Select and Copy just the Address:
  - a. In this example it is: **1GBWHaR3TpBVFbhawLsJc7WoK5veQnYDDr**
- 5) Go back to your wallet
  - a. For Bitwallet:
    - i. Select: My Wallet, then the '+' (bottom right) to add a new wallet.
    - ii. Insert a Name (anything you want) and then paste the Copied Address into the section called "Public Address"
    - iii. Next, go back to the Notes on your phone and Select and Copy just the Private Key portion:
      1. In this example, it is:  
**L41QfvBNK1TwmNc6175n7PSgLTKCDv5XZQm1WpNjivDJieU6Xhio**
      2. Make sure the period at the end is not included
    - iv. Go back to your Wallet and Paste the Private Key in the section called "Private Key", then Select Save (top right). Your BTC should populate within a few seconds. Now you have your BTC and can Pay other or watch it grow.
