

Capability Statement (Unclassified | OSINT-aligned | Subcontract-ready)

The Veridion Group, LLC | Tampa Bay, Florida | Precision. Presence. Protection.

Operating model: Intelligence-forward protective services integrating disciplined OSINT, structured analytic tradecraft, and field-informed protective execution.

Core Competencies

- **Protective Services:** Executive & dignitary protection; facility/site protection; mobile & static protective operations; event/venue security planning.
- **Intelligence & Risk:** OSINT threat assessments; protective intelligence (pre-incident indicators); behavioral threat analysis; RFI-driven analytic support.
- **Operational Support:** Secure transportation & route planning; protective logistics; crisis-response coordination support; program audits/compliance support.

Differentiators

- **Decision velocity:** early warning + clear COAs to shorten detect-to-act timelines.
- **Documentation discipline:** reporting, QA, and confidentiality controls aligned to federal expectations.
- **Scalable architecture:** single-principal through multi-site deployments with interoperability.
