Our Flooring Styles

Plain Colour

A simple, cost effective option to protect your floor without compromising premium quality materials.
This coating system features a primer and 2 coats of 100% solid commercial epoxy in your chosen colour.
Suitable for interiors only.

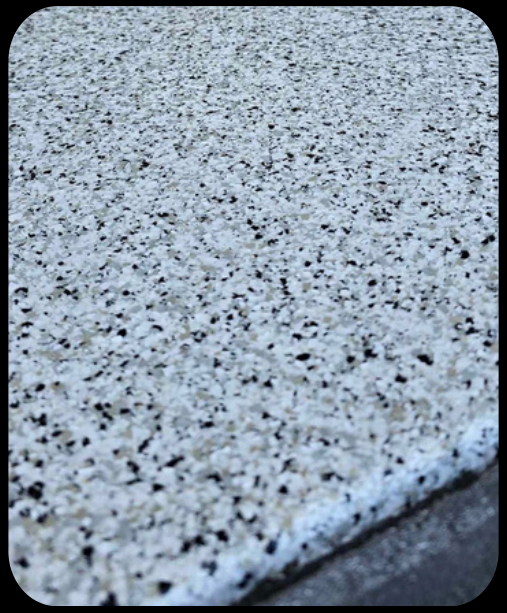

$68.00 per sqm *

Partial Flake

An impressive, high gloss resin floor. Decorative flakes are thrown by hand into a commercial grade epoxy resin. This floor is completed with a durable polyaspartic topcoat.
Suitable for interiors & garages or spaces with minimal sun exposure.

Full Flake

Our most popular option. A full flake floor is highly durable, withstanding tools, vehicles & even forklifts. A base of epoxy is covered entirely in decorative flake & finished with our signature polyaspartic topcoat.
Simply swap the base coat to polyaspartic, and this coating is also suitable for exteriors & the harsh Australian sun.
