Ovations Studios Private Lesson Agreement

Participants and Parents/Guardians (Participants and Parents/Guardians collectively, "We") understand that Private Lessons at Ovations are temporary arrangements and are not to be used in lieu of regular technique classes but as supplementation only.

We understand that enrolling in Private Lessons does not lead to, and should not be expected to lead to, any special treatment and that results, or specific outcomes are not guaranteed. Undersigned understand that progress is dependent on dancer's commitment and work outside of these lessons to reinforce concepts learned during lessons.

We understand that tuition will be charged immediately following each Private Lesson and that if we do not cancel prior to 24 hours of the scheduled lesson, tuition will still be due unless the instructor has received proper communication and is able to reschedule. In the event that an instructor needs to cancel or reschedule class, tuition will not be charged until the make-up class has been scheduled. Fees for private lessons are \$100/hr and must be paid through Ovations Studios' Parent Portal. This fee includes the planning time and in-studio instructional time. Any additional time required of instructors (cutting music, recording videos, etc.) will be charged the same fee as in studio Private Lessons of \$100/hr. Declined payments occur a 3% charge per attempt.

Agreed to by Parent/Guardian on behalf of Participant and
Parent/Guardian
