

GLESS SLOT LEAGUE

OFFICIAL RULES & INFO

League Overview

The Slot League is a **viewer based fantasy style competition** where contestants draft slot games and compete based on bonus buy performance. **Viewers risk no money, it is all provided by Gless.**

- **Teams (Viewers):** 14
- **Season Length:** 13 Matchup Days (Regular Season) + Playoffs (2 days)
- **Draft Rounds:** 5 rounds (4 “starting slots” + 1 bench)
- **Scoring System:** 4 Multipliers added together (\$40 buy pays \$20 = .5x)

Example:

Team 1: $.55x + 1.25x + .48x + .77x = 3.05x$

Team 2: $1.01x + .15x + .50x + 2.0x = 3.66x$ (**Winner**)

Divisions

The league is split into two divisions (Viewers pick their division based on draft order)

Gless Slot Conference (GSC)

- 7 teams

Bandit Slot Conference (BSC)

- 7 teams

Each team competes against divisional and cross-divisional opponents during the regular season.

Draft Rules

Draft Format

- **Snake Draft (Order randomized before season)**
- **5 Rounds**
- Each team drafts **1 slot per round** (5 total slots per team. 4 starters, 1 bench)

Draft Restrictions

- No duplicate slots across the league
 - Drafted slots are **locked for the entire season (unless both teams agree on a trade)**
-

Gameplay Rules

Match Structure

- Each matchup consists of **4 bonus buys per team** (one per drafted slot)
- Bonus buy cost normalized via multiplier
- Daily lineups must be set prior to the stream starting.
- Buys will be around the \$50 mark. Teams with slots that have "Regular" and "Super" (\$40 reg vs \$50 super) bonuses can pick which version of the bonus they would like each day, as long as the decision is communicated in the GSL Discord channel prior to the stream starting for that day's matchup. If no communication is sent, the slot will default to the Super bonus.
- If no communication is made indicating a change for a team's daily lineup, rosters will default to the first 4 drafted slots.

Scoring

- Each bonus buy result is converted into a **multiplier (x)**
- A team's weekly score = **Sum Multiplier** of their 4 slots

Tiebreakers (in order)

1. Highest single multiplier that day
 2. Coin flip
-

Regular Season Schedule (Round-Robin)

- **Format:** Full Round-Robin (everyone plays everyone once)
- **Teams:** 14
- **Total Matchup Days:** 13
- **Matchups per Day:** 7
- **Stream Days:** Monday / Wednesday / Friday 7pm EST (schedule subject to change but 3 days a week is the goal)

Each matchup day features **7 head-to-head matchups**, meaning **every team plays once per day**.
