3741 Pacific Lane
Windsor Island

To Whom it may concern

Re David Williamson

President HOA Windsor Island

This is to confirm that we are owners in Windsor Island (3741 Pacific Lane) and part of the HOA. As a new development David Williamson was appointed our first chairperson and oversaw the transition from Builder to HOA. While with all new developments we encountered major issues like trash, gate, parking etc David was the leader in implementing all changes required to resolve all issues and oversaw all aspects to ensure every service would be to the highest standard expected from a 5-star Resort.

We could not have asked for a more competent Chairperson to ensure Windsor Island Resort maintains its reputation and standards for Families on vacation in Orlando.

Mentioned above are only a few areas that his leadership enacted better services to the community, but he is also at the forefront of our new playground, racquetball court, food hatch and shop renovation. All to ensure our vacationers enjoy their stay and use all the amenities Windsor Island has to offer.

This was our first experience in a HOA and the professionalism, and dedicated work is inspired by our chairperson David Williamson.

Donal & Zandra Horgan
