

SAINT ANNE
WILDCATS

To Whom it May Concern,

St. Anne Catholic School had the gymnasium floor renovated during the summer of 2024. We worked with GOAT Athletix, or rather, GOAT Athletix worked with us. From initial consultation to accommodating changes, we were confident that this project would be executed to the best of their ability.

Upon first meeting Dan and his team, we instantly felt our job was their top priority. They answered every question promptly and explained each step thoroughly. The floor installers were exceptional. Throughout the entire process, they kept us informed at every stage.

It was a pleasure working with Dan Moran and Rachel Baldwin at GOAT Athletix. We strongly recommend their services. We thank GOAT Athletix for their professionalism, superior customer service, quality, and efficiency on this project.

Sincerely,

Alison Kiker, Principal
Keeley Neild, Director of Marketing
Deacon Willie, Facilities Manager
Tracy Hartsfield, Athletic Director
