Holy crap! Q just dropped a huge bomb shell re: the Russian plane crash. 71 passengers killed and only 1 was the target - related to the Dossier & U1. One source used for 2. Why kill if inside Russia w/no jurisdiction probably means CLOWNS did this. SEE:

3. Q reminds us that most recent resignations, plane crashes, EBS activations, blackouts at airports (like ATL) are NOT coincidences. Sessions had told everyone in a news conference nearly a year ago that many investigations were underway. @POTUS & Team Q are draining the swamp.

 Why did Sessions [at the beginning] emphasize investigations/proceedings are kept confidential?

Department of Justice
Office of Public Affairs

FOR IMMEDIATE RELEASE Wednesday, February 7, 2018

Thirty-six Defendants Indicted for Alleged Roles in Transnational Criminal Organization Responsible for More than \$530 Million in Losses from Cybercrimes

Law Enforcement Dismantles Forum Used to Victimize Millions in all 50 States and Worldwide in One of the Largest Cyberfraud Enterprises Ever Prosecuted by the Department of Justice

A federal indictment was unsealed today charging 36 individuals for their alleged roles in the Infraud Organization, an Internet-based cybercriminal enterprise engaged in the large-scale acquisition, sale, and dissemination of stolen identities, compromised debit and credit cards, personally identifiable information, financial and banking information, computer malware, and other contraband.

Following the return of a nine-count superseding indictment by a Las Vegas, Nevada, grand jury alleging racketeering conspiracy and other crimes, federal, state, local, and international law enforcement authorities arrested 13 defendants from the United States and six countries: Australia, the United Kingdom, France, Italy, Kosovo and Serbia.

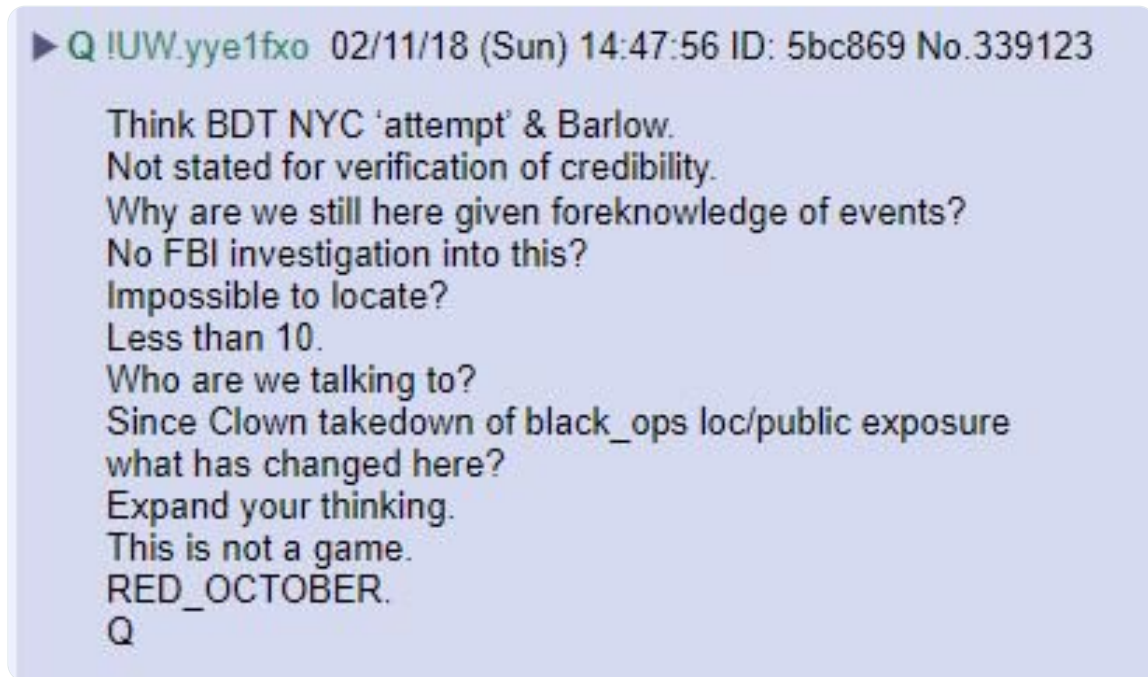

Acting Assistant Attorney General John P. Cronan of the Justice Department's Criminal Division, U.S. Attorney Dayle Ellison of the District of Nevada, and Acting Executive Associate Director Derek N. Benner of U.S. Immigration and Customs Enforcement's Homeland Security Investigations (HSI) made the announcement.

"Today's indictment and arrests mark one of the largest cyberfraud enterprise prosecutions ever undertaken by the Department of Justice," said Acting Assistant Attorney General Cronan. "As alleged in the indictment, Infraud operated like a business to facilitate cyberfraud on a global scale. Its members allegedly caused more than \$530 million in actual losses to consumers, businesses, and financial institutions alike—and it is alleged that the losses they intended to cause amounted to more than \$2.2 billion. The Department of Justice refuses to allow these cybercriminals to use the perceived anonymity of the Internet as a shield for their crimes. We are committed to working closely with our international counterparts to identify, investigate, and bring to justice the perpetrators of these crimes, wherever in the world they operate."

It sent info ranging from diplomatic secrets to personal information, including from mobile devices. Red October was termed an advanced cyberespionage campaign intended to target diplomatic, governmental and scientific research organizations worldwide.

Ask yourself, why is the 'sister' w/ Pence?
Ask yourself, if controlled, how might you protect yourself and look for a way out?
Ask yourself, what is a distraction?
Ask yourself, why did Korea come together as a country v N&S?
Ask yourself, what occurred in Asia (ref pics) just prior to the O-games?
Ask yourself, what does FREED mean?
Ask yourself, do we want a WAR?
Ask yourself, who is trying to start a WAR?
Ask yourself, if a missile was launched by rogue actors, what would be the purpose?
Ask yourself, what would/should immediately start a WAR?
Ask yourself, would the PUBLIC understand the following statement: "Rogue actors (Clowns/US former heads of State) initiated a missile launch in order to 'force' the US into a WAR/conflict against X?"
Be the autists we know you are.
Those who cannot understand that we cannot simply start arresting w/o first ensuring the safety & well-being of the population, shifting the narrative, removing those in DC through resignation to ensure success, defeating ISIS/MS13 to prevent fail-safes, freezing assets to remove network-to-network abilities, kill off COC to prevent top-down comms/org, etc etc. should not be participating in discussions.

DANIEL ACKER/BLOOMBERG/GETTY

The ugly part of the Snowden equation is the rampant growth of public disdain for politicians, government agencies and even politics—according to recent polls, four out of five Americans distrust their government. In this culture of cynical suspicion, any claim that the secrets Snowden disclosed caused needless harm is dismissed as government propaganda. Snowden's word is taken over that of government officials because, as *The Nation* declared, Snowden speaks "truth to power." Such is his aura of self-abnegating glory that even when his revelations exposed U.S. government actions in foreign lands, including the alleged tapping of friendly government officials' conversations, they were conflated with the purported sins of the NSA's domestic surveillance program. In this culture of distrust, any fact that contradicts the one-source narrative of the innocent whistleblower can be pre-emptively dismissed because Snowden, ensconced in Moscow at an unknown location, remains the ultimate truth-teller. After three years of investigating this case, I must refute this depiction of Snowden, and any version of these events that paints him the hero.

- Visual of Snowden says still a Clown?
Keyword "was", maybe Snowden is no longer a clown
-> Snowden re tweet
-> Speaking truth to power" a phrase, we often use
-> @Snowden "Truth To Power"
-> Drop "Truth To Power"
-> Q
When you drop "truth to power" from the retweet you are left with "Speaking". Snowden is speaking to Q. Someone check the timestamps between Q posts and Snowden tweets.
-> Snowden's latest tweet
-> Speak not because it is safe, but because it is right.
Again we see "speak". Snowden and Q working together?
-> Why would it be important he was in Russia?
-> LEARN!!!!
-> Q
Again we see keyword "was". Meaning Snowden may not be there anymore.
Remember Q's post in Thailand with "E". Maybe they retrieved Snowden from the terminal.
What would be important if he was in Russia? Maybe he was there as a double agent and collected the goods on the Russian cabal
