Early morning drop from Q re: yesterday's /ga/ drop mentioning Ruth Bader Ginsburg. Anon mentions the interesting timing of her appearance on CNN the same day. She says she's "Here to stay." Q says otherwise.

Anons have speculated this could be the role Trey Gowdy steps into.

The fact Q brought up Ginsberg and then she landed on CNN the same day front page speaks volumes. We are missing something.

2. Correction to my last. It appears RBG was saying the [#MeToo](#) movement is here to stay and symbolizes a monumtous shift in American culture."

Q's response, though, was clearly aimed at her.

"The media cleanse/JFK" references this JFK quote: "splinter the CIA (Operation Mockingbird Media) into a thousand pieces and scatter it into the winds.". Thank GOD for social media!! WE the people are in control!

6. Interesting side note in Japan Times article (see my previous tweet) about rescued reporters Laura Ling & Euna Lee re: Podesta email w/photo attached w/file name: "Pizza.jpg".

This article suggests they were in NK to report on human trafficking.

The trafficking story is a dangerous pursuit—but without more information and world attention, tens of thousands of North Korean women and girls are caught up as victims with no place to turn.

BC and KJI are both lined up perfectly on each flower.
Does this signify that they were dual rulers of NK?
Were they recognizing in this photo that BC (and the cabal) had an equal hand in ruling NK?

 Potus controls reimbursement for all their products under CMS/HHS coding and fee committees. Department of HHS with a couple of simple rule changes about how prices are set can crush Big Pharma with a simple pen stroke. Congress is not needed. I lived in this world for 15 years. If you would like me to write a formal brief on the matter, you can find me. Glad to serve.

No one is at the mercy of the federal government more than Big Pharma.
