Looks like Q returned late last night. Conservatives all over Twitter lost followers and/or were locked out of their own accounts. I lost over 1000 followers since last night. Q indicates they are aware of what is going on. Stay tuned.

2. Q indicates Secret Service knew about the gun found on one of the motorcade drivers on the 19th (via comms intercept). The protect code went live on the 18th before Q team wiped the /greatawakening/ board clean.

"There is no allegation in this indictment that any American was a knowing participant in this illegal activity," Rosenstein said. "There is no allegation in the indictment that the charged conduct altered the outcome of the 2016 election."

Future proves past:

In an effort to preserve the integrity of all U.S. elections, as ordered by the President of the United States, after an extensive investigation in select counties (the 'sampling'), the DHS has concluded that while Russian entities (as outlined within SC Mueller's investigation were complicit in attempting to undermine the presidential election of 2016) had no direct impact or bearing on the outcome of the presidential election, nor were any U.S. person(s) knowingly part of such an attempt to sabotage as it relates to the Russian investigation, U.S. and other foreign entities (as further described within DHS[XXXX]), acting outside of Russian agents, did attempt on numerous occasions, and were successful, in interfering w/ the presidential election of 2016, senate elections of [x, y, z], [x] elections, whereby several million of illegal, non-resident ballots (the "irregularities") were counted, while legal ballots were improperly tabulated and/or intentionally mishandled. We believe these actions were a coordinated attack against the democracy of our country.

The DHS will be submitting a final report to the WH/DOJ/other state and local agencies outlining our findings as early as March [], 2018. While this report only encompasses a sampling of twenty-two (22) counties across the U.S., it is strongly suggested, based on the evidence provided, that a mandated countrywide investigation begin under the recommended US50-EIC guidelines as set forth in Section VII of the final report. Furthermore, based on our immediate findings, we recommend the adoption of 8(E)(F)(G)(H) be made immediately to combat sources & methods currently being deployed to

Correction: should say 18 Feb post above.

Should say 18 Feb. I'm not awake yet!

country. DOITQ!
