New Q drop (4 Mar 18). Q seems to imply the WH suicide and intruder who broke into [@seanhannity](#)'s home were controlled events (MK Ultra targets). These events help Clown media control the narrative.

WH suicide:

2. An anon asks if Q ever mentioned internet bill of rights. The answer is YES (on 25 Jan). Q tells us to re-read drops and posted a link to an AT&T article from 24 Jan:

Consumers Need an Internet Bill of Rights

AT&T is committed to an open internet. We don't block websites. We don't censor online content. And we don't throttle, discriminate, or degrade network performance based on content. Period.

Q warns us about "Patriots" who challenge this.
