So, Q has resurfaced and updated trip code on the read-only /greatawakening/ board. No idea what this one means and right now, after [@realDonaldTrump](#) just announced he is going to sign that atrocious bill, not feeling too optimistic about things. November is not looking good.

2. Just to clarify, I am NOT giving up on our [@POTUS](#). I'm just pissed off that his hand was forced by our useless Congress. I'm sure Gen. Mattis' phone call was key in his decision to sign this garbage bill. Thankfully it's just an FY18 budget bill. The fiscal year ends 30 Sep.

3. Great point made by an anon. What happens to all the wasteful funding for Dem causes when the OIG report comes out and Sessions brings down the hammer (e.g. PP goes down in flames, indictments unsealed, arrests made)? Money freed up for the border wall & other [#MAGA](#) projects?

4. Excellent graphic put together by [@Lindee](#) w/ input from friends & anons that could explain Q's last drop re:

"Clock activated.  
RED\_CASTLE.  
GREEN\_CASTLE."

Budget gives Army Corps of Engineers (Red castle logo) \$80B.

Address: Greencastle, IN.

Coincidence?

Now it makes sense why certain Dems voted NAY. When you dig in - you will understand too. Yeah - lots of stuff that gets FROZEN instantly when the time is right. Only until the end of the fiscal year. The funds allocated to too many different areas will give POTUS ability to fund most of the wall if not all of it. DACA loss is pinned on the Dems (think mid-terms strategy - what are they going to run on?). Funds for activities related to human rights violations may be frozen at any time (EO he signed about seizing assets of anyone involved). See through the MSM crap - start reading the bill. Then understand the EOs. Pay attention to the amount of money given to the OIG - the OIG just gained a lot of power over things like the CENSUS (illegals!!!). WE HAVE A FULLY FUNDED MILITARY which is going to be VERY important.

If the President had vetoed the bill, back to the drawing board. I would give them a chance to see all the line items that are going to take them down and fully fund the MAGA agenda. This was brilliant. There is a reason he said "No one READ IT." But guess who did read it and voted NAY? They KNEW!!! Don't fall for the MSM narrative. What you saw in the diplomatic room was more brilliant theater. Guys like Cerhovich are going to opine in order to get viewers and clicks. None of them have read a word of

Vote	Party	Representative	State	Vote	Party	Representative	State	Vote	Party	Representative	State

So, I am hearing rumors (and perhaps Sundance could provide insight) that the reason why Trump is on board with this bill is because it actually does provide him with all of the funding he will ever need for our big beautiful border wall.

Let me explain. Trump just got an additional \$80BILLION for defense spending, for this year alone! ... that is YUGE! .. and now it is rumored that he is going to spend a chunk of that money on our wall by utilizing the Army Corp of Engineers to build our wall. If this is true, then our Congress is now going to be powerless to stop him from build our bigass beautiful wall the entire distance of the southern border. Not only does he have enough for material costs, he also has enough for additional personnel above the already 37,000+ personnel within the Army Corp of Engineers.

If this is true, this is brilliant and perhaps worth the sacrifice for this particular bill. I am betting this may also play quite well for the next time Congress tries to take up another "omnibus" spending bill. As they say, once bit, twice shy.

5. Re: Q's ref to "Stage\_5:5[y]", is it tied to the earlier drop that mentions the HRC video? Is Q saying the stage is set with "y" indicating "yes"?

6. An anon posted this graphic that shows how Q's ref to Stage\_5:5[y] could be an indication that the stage is set for the release of a video involving HRC.
