New from Q. Looks like it could be security tests being run by the team members who are securing a new read-only board to replace the now-defunct /greatawakening/ board. Q mentioned on 28 Mar when the /ga/ board was killed: "New Board will be created. Team to secure."

2. An anon asks Q how his/her/their Easter was. Q had a good laugh re: the graphic compilation made by an anon of all the Clown Media reports mocking @therealroseanne for supporting the #QAnon "conspiracy theory".

Reappointed by?  
Why the reboot?

"That's a powerful combination," he observed.

When Varney asked if Huber and Horowitz's status as "Obama holdovers" creates a possible problem for Sessions and President Trump, Turley said no, observing that each man has a great reputation as a "dogged investigator."

Breitbart News has separately confirmed that Utah Sens. Orrin Hatch and Mike Lee, both of whom are Republicans who support aggressive investigations of these scandals, enthusiastically supported Huber to be reappointed by President Trump as his U.S. attorney in Utah. The Senate confirmed Huber in 2017 for a second term.

Huber is a Utah lawyer, not a D.C. lawyer. "That distance between him and Washington is very important," Turley explained, because Huber is not part of the Deep State, that is, not cozy buddies with the cocktail party scene that is suspected of perpetrating all of these actions against President Trump and his administration.

Turley said President Trump should be very happy that Sessions chose this route of appointing Huber, who has the power to seek indictments and prosecute cases, and teamed him up with Horowitz, who has 470 investigators at his disposal, if the president wants to see swift and decisive action.

"If a special counsel were appointed, there would be a great deal of delay," Turley stated, versus the team of Huber and Horowitz, who are already five months into this investigation.

6. Sessions was specifically recused fm any investigation into charges re: Russia meddled in 2016 presidential election. The link deals with "Confidentiality and Media Contacts Policy". Sessions has stated he is going after leakers. More EOs in the works? [bit.ly/2GvGYvr](http://bit.ly/2GvGYvr)

7. Looks like April showers = The STORM! Seals broken (indictments unsealed?). High-level arrests to begin? Guessing Huber made public because he's DONE w/investigation. Election integrity report due out? We saw the draft on 16 Feb. Mueller SC to end? Not sure what AAA signifies.

9. An anon expressed disappointment that "March Madness" didn't seem to be as "Mad" as expected. I'd say NK meeting w/Xi Jinping in China and agreeing to denuclearize is pretty damn HUGE considering the Clowns had hoped to use NK to launch WWII.
