no. he has to play the game.
and there will be a major price to pay.

the deepstate NEEDS us to go to war with russia

remember the nerve gas?
They are RELENTLESS

POTUS has been talking about pulling out of syria the past few days
now this...

Remember..not all of the citizens are as in tune as we are.

5. This anon nails it. The left is now in a conundrum of sorts. Now that [@realDonaldTrump](#) has called Assad an "Animal" and called out Hussein for his lack of action re: "Red Line", will the left still support our taking military action vs Syria?

I think the important thing here is that Trump called Assad an Animal. Right away the left is going to call Trump a big meanie like they did with /ourguy/ Kim Jong Un. Remember? Trump publicly blamed Un when we know Un's strings were being yanked by the clowns. The left loved Kim after that.

Then the tweet about Obama is icing on the cake, the left love their sacred cow and now Trump is the bad guy, even though "Assad" is starting shit.

Because Trump puts on this display, the MSM will either have to agree with trump or go against him.. and sway public opinion away from conflict

12:48 am – post about a Chemical Attack. News this morning – chemical attack in Syria. Trump responds calling out Animal Assad with backing from Putin, Russia and Iran. Also notes ‘Open area immediately for medical help and VERIFICATION.’ IMPORTANT WORD = VERIFICATION. To verify deaths/news/deaths? <https://pbs.twimg.com/media/DaSgQ7GX0AEdYha.jpg>

Washington, D.C. - U.S. Senator John McCain (R-AZ), Chairman of the Senate Armed Services Committee, released the following statement today on the chemical attack in Syria.

"President Trump last week signaled to the world that the United States would prematurely withdraw from Syria. Bashar Assad and his Russian and Iranian backers have heard him, and emboldened by American inaction, Assad has reportedly launched another chemical attack against innocent men, women and children, this time in Douma. Initial accounts show dozens of innocent civilians, including children, have been targeted by this vicious bombardment designed to burn and choke the human body and leave victims writhing in unspeakable pain.

"Crimes against humanity have become Assad's trademarks in his relentless campaign against the people of Syria that has killed more than half a million people and forced 13 million from their homes. President Trump was quick to call out Assad today, along with the Russian and Iranian governments, on Twitter. The question now is whether he will do anything about it. The President responded decisively when Assad used chemical weapons last year. He should do so again, and demonstrate that Assad will pay a price for his war crimes.

"To be sure, President Trump inherited bad options after years of inaction by his predecessor in Syria. History will render a bitter judgment on America for that failure. But no one should believe we are out of options. We can and should change course - starting with a comprehensive strategy that lays out clear objectives for our mission there. It's not too late to stop Assad's impunity and begin to rewrite this terrible chapter in our history."

 .@POTUS's pledge to withdraw from #Syria has only emboldened Assad, backed by Russia & Iran, to commit more war crimes in #Douma. @POTUS responded after last year's chemical attack. He should do so again & make Assad pay a price for his brutality. mccain.senate.gov/public/index.c...

29. Need to dig into Moustafa's social media contacts/photos, etc. Likely had access to classified info. Apparently tied to DWS & Awan brothers who ran IT for Dems. "One example of many". I had no doubt Hussein Admin hired MANY MB members. The Enemy within.

30. Most of us who are WOKE know why Hussein protected ISIS - He created ISIS to overthrow ME gov'ts, kill Christians, grab oil, grab kids for trafficking. SICK! @realDonaldTrump was able to crush ISIS in a year. Hussein & GWB aided & abetted our enemies. Bring back the gallows!
