Is Pelosi arranging the private mtgs? She owns \$500K in FB shares thru her husband & Q once asked @Jack how his mtg went w/her. Zuck donated to 85% of House Committee "Questioning" him this week. Many politicians set up foundations/PACs to access cash.

2. We all have standing to file huge class action lawsuits. This basically amounts to warrantless spying on U.S. persons which is against the law. Who needs FISA warrants when you have social media? They ALL have fake names for emails & social media to communicate. Jack's next.

13. Q confirms anon explanation that not all drops are meant to predict future events (would compromise future ops) but are intended to create a flow diagram of crumbs we can tie back to as news unfolds which will help prove Q is legit. Research done now will tie to future news.

 The connection is simply chlorine...not false flag.
 Keep in mind that every crumb is not meant to be solved before the event. Some of the drops are things for anons to dig on and make connections with, others are markers for future reference.
 >[future proves past]
 Some drops are just simply communication to the anons.
 What needs to be understood to appreciate whats going here is the fact the Q is basically creating a circular flow diagram that can be referenced and cross-checked with news releases. Q can't just disclose specifics about a situation or operation without violating security protocol. Instead they drop questions and statements that lead to answers that can be understood once the subject becomes public. This provides the validation necessary for the public to believe The Great Awakening is legit. Disinformation and misdirection with Q is real. In other words Q is pointing over there but really the focus is here and only until you publicly get the news can you go back and understand. (Think SA drops) All of this is accomplished without giving up specific details about the operation. It's quite genius.

14. Q shares NYT piece re: Trump Tower fire. Focus on Cohen. No evacuation order given. Did Cohen warn his friend (Shields) to get out of the building because he had foreknowledge of the fire? "It just smelled like sulfur." Was the fire intentionally set?

Fire at Trump Tower Kills One, Police Say

More than 200 firefighters responded to the blaze, which broke out on the 50th floor. The victim's apartment was "virtually entirely on fire," an official said.

<https://pbs.twimg.com/media/DaYjb4UMAAIaf6.jpg>

Dennis Shields, a resident who said he lived on the 42nd floor, described the scene.

"You could smell the smoke and you could hear things falling like through the vents," he said. "It just smelled like sulfur."

He said there were no orders to evacuate but he received a text message from Mr. Trump's lawyer, Michael D. Cohen.

Mr. Shields, who said he grew up with Mr. Cohen, continued: "He said, 'Are you in the building?' I said, 'Yes.' He said, 'You better get out ASAP.' That's how I knew to get out, otherwise I'd still be in there."
