Q said "FBI burning the midnight oil" after Cohen raid. SC tweets "MIDNIGHT" re: Nunes deadline warning. Watnick (hired by Flynn as NSC Intel Dir) joins Sessions as Nat'l Sec Adv (as warning to whom)? Was @POTUS tweet really aimed at Russia?

Aide Ousted From White House Re-emerges at Justice Dept.

A former National Security Council official has accepted a new post as the national security adviser to Attorney General Jeff Sessions.

Russia vows to shoot down any and all missiles fired at Syria. Get ready Russia, because they will be coming, nice and new and "smart!" You shouldn't be partners with a Gas Killing Animal who kills his people and enjoys it!

2. I knew it! Yesterday when Q said "'A clean [H]ouse is very important." I noted the capitalized H & wondered if it meant Ryan was in trouble. Today he announced he will retire at the end of his term. Q comms are intentionally cryptic/coded so that classified info not divulged.

3. An anon speculated Q meant "House of reps." and Q confirms. When I saw @realDonaldTrump's Tweet with the photo of Republican Congressional Leadership, I couldn't help but wonder how many of those smiles were forced. Will Scalise or McCarthy be our next Speaker of the House?

4. HRC urged Pompeo to stop State Dept purge. She's "deeply concerned" over mass exodus of "some of the most qualified foreign service officers". Did she rat out Pompeo for business ties to a Chinese oil & gas company as a warning?

Clinton advises Pompeo to stop 'purge' at State Dept.

Former Secretary of State Hillary Clinton said Wednesday she recently urged Mike Pompeo, President Trump's pick to lead the State Department, to retain senior career officials to handle global crises...

Pompeo failed to disclose ownership of business connected to China

CIA Director Mike Pompeo did not disclose last year that he owned a business linked to a Chinese government-owned company.

6. Wow! Kudos to the anon who made THIS connection! Pentagon's LIFELOG program - a database that tracks a person's entire existence - was "killed" the very same day FB was "founded". BOOM! Q is impressed; says this anon should apply for a job at No Such Agency!

PENTAGON KILLS LIFELOG PROJECT

THE PENTAGON CANCELED its so-called LifeLog project, an ambitious effort to build a database tracking a person's entire existence.

Run by Darpa, the Defense Department's research arm, LifeLog aimed to gather in a single place just about everything an individual says, sees or does: the phone calls made, the TV shows watched, the magazines read, the plane tickets bought, the e-mail sent and received. Out of this seemingly endless ocean of information, computer scientists would plot distinctive routes in the data, mapping relationships, memories, events and experiences.

7. Was Q's "Finder of this should apply to NSA" a tongue-in-cheek comment to @Snowden? Yesterday Q said "@Snowden Yes. Testify then drop." MZ is finished w/BS hearings & this drop appears which proves MZ didn't invent FB in his dorm room. Snowden was NSA (working for Clowns).

11. This meme sums it up nicely. We've been freely supplying Clowns with every aspect of our lives. Tonight's bombshell revelation provided courtesy of Edward @Snowden. MZ is just a Clown puppet who spent the last 2 days lying in those hearings which is why he wasn't under oath.

<https://pbs.twimg.com/media/DaiHDBUMAAAyq.jpg>

12. Q posts #17. I'd seen people speculate about championship teams giving @POTUS team jerseys w/ #17 instead of the usual #45 he normally receives as signifying the 17th letter of the alphabet being Q. I dismissed it as signifying 2017. Is Q confirming that @POTUS requested #17?
