Virginia Roberts is currently suing Epstein for allegedly recruiting her to work as an underage sex slave. She says she was forced to have sex with law professor Alan Dershowitz (pictured).

Q there is one thing that concerns me. somewhat related to this, but more related to 60/40. the less the public knows, the more likely they are to falsely assign blame in the future, possibly even generations from now. it's worth keeping in mind.

Why does Obama travel in advance of POTUS to foreign locations?
Why is this relevant?
Focus on the power of POTUS as it relates to the Marines.
How can [M] be applied to prosecute bad actors and avoid corrupt agencies and judges?
Biggest drop on Pol.
Above is reason why the shills are sliding. In case you didn't know, shills log and send new info back to ASF for instruction. They use a 5 prong pre packaged injection (one post auto generates four more at random designated times). Common drive of posts they all tap into. Since they misjudged the influence of the MSM they are aggressively looking to censor throughout major platforms in exchange for CIA slush funds and WWW access for expansion of said networks. Everything they do has been forecasted and prepared for.
