Dems & Clown Media attack EPA Chief Pruitt because he likely knows "climate change" is BS & was used as giant slush fund for progressive, community organizing groups & that source of funds has dried up. Also poss knows details re: U1 & who was involved.

**Sessions investigating 'slush fund' used by left-wing groups**

Attorney General Jeff Sessions is investigating up to \$6 billion in legal settlement money that the Obama administration steered toward progressive causes and...

"Pelosi said her concerns about the North's proliferation deepened after a trip to the North many years ago.

"When we went to Pyongyang, and we talked about missiles, we talked about MIAs and POWs, we talked about home, we talked about a number of subjects. But about the missiles, because the development of missiles was a national security issue of concern," Pelosi said.

"They said, 'Look, we just make these to sell. You want to buy them? We'll sell them to you,'" she said. "

### Man linked to 9/11 attacks on U.S. captured in Syria: Pentagon

Reuters Staff 2 MIN READ

WASHINGTON (Reuters) - A man linked to the Sept. 11, 2001, attacks on the United States, who was said to have praised "violent jihad," was captured in Syria by U.S.-backed forces more than a month ago, the Pentagon said on Thursday.

"We can confirm that Mohammad Haydar Zammar, a Syrian-born German national, was captured more than a month ago by SDF (Syrian Democratic Forces) partners as part of their ongoing operations to defeat ISIS inside Syria," Pentagon spokesman Eric Pahon said, using an acronym for Islamic State.

The Syrian Democratic Forces are an alliance of militias in northern and eastern Syria.

"We are working with our SDF partners to obtain additional details," Pahon said.

The 9/11 Commission report, a Congressional account on the 2001 attacks, said Zammar was an "outspoken, flamboyant Islamist" who extolled "the virtues of violent jihad."

It said Zammar reportedly had taken credit for influencing Ramzi Binalshibh, who is accused of wiring money to September 11 hijackers and passing information to al Qaeda operatives, and Mohammed Atta, who led the attack on the World Trade Center in New York City.

U.S. officials have said that there are hundreds of foreign fighters and thousands of Syrian Islamic State militants in SDF custody.

"There is no allegation in this indictment that any American was a knowing participant in this illegal activity," Rosenstein said.  
 "There is no allegation in the indictment that the charged conduct altered the outcome of the 2016 election."

Future proves past:

In an effort to preserve the integrity of all U.S. elections, as ordered by the President of the United States, after an extensive investigation in select counties (the 'sampling'), the DHS has concluded that while Russian entities (as outlined within SC Mueller's investigation were complicit in attempting to undermine the presidential election of 2016) had no direct impact or bearing on the outcome of the presidential election, nor were any U.S. person(s) knowingly part of such an attempt to sabotage as it relates to the Russian investigation, U.S. and other foreign entities (as further described within DHS[XXXX]), acting outside of Russian agents, did attempt on numerous occasions, and were successful, in interfering w/ the presidential election of 2016, senate elections of [x, y, z], [x] elections, whereby several million of illegal, non-resident ballots (the "irregularities") were counted, while legal ballots were improperly tabulated and/or intentionally mishandled. We believe these actions were a coordinated attack against the democracy of our country.

The DHS will be submitting a final report to the WH/DOJ/other state and local agencies outlining our findings as early as March [ ], 2018. While this report only encompasses a sampling of twenty-two (22) counties across the U.S., it is strongly suggested, based on the evidence provided, that a mandated countrywide investigation begin under the recommended US50-EIC guidelines as set forth in Section VII of the final report. Furthermore, based on our immediate findings, we recommend the adoption of 8(E)(F)(G)(H) be made immediately to combat sources & methods currently being deployed to

The remainder of this page is intentionally left blank.
