On 27 Mar Q said "Done in 30" re: Flynn. Will Flynn rejoin WH on NSC w/Bolton who announced yesterday staff changes coming? By pleading guilty he's compelled to testify knowledge of all crimes by prev admin. He "knows where the bodies are buried" (crimes).

2. Strzok interviewed Flynn on 24 Jan. New released texts show Page/Strzok very nervous on 23 Jan about their plan's "potential to go fully off the rails". Flynn took "rubber bullet" to enable testimony re: DS crimes. Lawmakers knew about gmails. Laser pointers divert attention.

Mueller's legal work for Facebook is notable because that company could potentially hold valuable data for his investigation.

Tech industry experts say Facebook and other companies, including Twitter and Google, could help Mueller establish whether there was any coordination or collusion between the Trump campaign officials who had access to critical voter data files -- pinpointing key battleground counties and states, and key demographic groups inside them -- and the alleged Russian government social media accounts that were pumping out pro-Trump and anti-Hillary Clinton messages at peak moments of the campaign.

Mueller also may have interest in the direct-messaging features available on Facebook and Twitter, as well as the Gmail accounts the campaign used via Google. It's also not uncommon for political operatives to use little-known Twitter handles to communicate information with one another. While congressional Democrats leading their probes into the Russia scandal have been pressing Facebook for answers, it's unclear whether Mueller has. His office hasn't commented about its interest in the tech company, and representatives from Facebook have also declined comment.
