"A group representing German trade interests said the US decision to withdraw from the deal will hit German companies and urged the EU to protect their interests. Trade between Germany and Iran reached 3.4 billion euros (\$4 billion) last year, according to BGA, another foreign trade association."

What about Total S.A.?

Total S.A. is a French multinational integrated oil and gas company and one of the seven "Supermajor" oil companies in the world.

July 13, 2012

The Honorable Keith Ellison
1107 Longworth House Office Building
United States House of Representatives
Washington D.C., 20515

Dear Representative Ellison:

Thank you for your letter dated July 12, 2012. I am responding to the concerns your letter outlined as well as clarifying a few points that were misrepresented.

As you know, on June 13, 2012, Members of the House Permanent Select Committee on Intelligence, myself included, and the House Judiciary Committee, sent letters to the Inspectors General of the Department of Defense, Department of State, Department of Justice, Department of Homeland Security, and the Office of the Director of National Intelligence. The purpose of these letters was to request a multi-department investigation into potential Muslim Brotherhood infiltration into the United States Government.

We find this is not only necessary, but beyond timely, considering that departments and agencies of the U.S. Government (including but not limited to, those departments to which these Inspector General letters were sent) have in the past and continue to be advised by organizations and individuals that the U.S. Government itself has identified in federal court as fronts for the international Muslim Brotherhood. That such a widespread assessment has not been performed is troubling and is the basis for genuine concern given the stark contrast between what the U.S. Government says about these Muslim Brotherhood front groups and their continued association with these groups.

I do note that the facts we presented in the Inspector General request letters are based on information presented by U.S. Government officials in court documents, court evidence, correspondence and briefings with Congress and public statements, in addition to known media reporting. These letters were for free sale-sourced as you maintain in your letter.

While I can't speak on behalf of the other signatories of these letters, nor am I able to get into the private discussions and documentation received by the various House committees

4. Another poss explanation for Q ref to "Pickle" in earlier drop asking who controls elected leaders & who do they report to: C_A was nicknamed "Pickle Factory" since @ 1965 & intel briefs sent to POTUS are called "Pickles". Clowns controlled everyone? bit.ly/2jVKYfh

Entry from September 07, 2011

Pickle Factory (Central Intelligence Agency or CIA nickname)

The Central Intelligence Agency (CIA) is the successor to World War II's Office of Strategic Services (OSS). The CIA is extremely secretive and has developed many nicknames, such as "The Agency," "The Company," "Christians In Action," "Crooks In Action," "Cocaine Importing Agency," "Capitalism's International Army," "Capitalism's Invisible Army" (by R. Buckminster Fuller in 1981), "Certified Idiots of America" and "Virginia Farm Boys" (after its headquarters in Langley, Virginia).

The CIA has been nicknamed the "Pickle Factory" since at least 1965, when that name was cited in print. The precise meaning of "Pickle Factory" is not known. The CIA's intelligence briefings sent to the president were called "pickles," but it's not known if this term preceded the "Pickle Factory" nickname.

The State Department has been called the "Fudge Factory" since 1965-1966.
