There is no bigger threat to 'them' than the public being awake and thinking for themselves.

6. Q posted what looks like some kind of encryption code/key on the /patriotsfight/ read-only board but it has since been deleted. Reminds me of some of @JulianAssange's tweets with similar numbers/letters. Vault 7 related?

7. Q posted pics w/file names "Fsurv\_londonps1" and "Fsurv\_london.png". Guessing these are some kind of surveillance (surv) photos taken in London and "ps" could be Peter Strzok? Just guessing based on what we now know about Crossfire Hurricane. Coats indicate colder weather.

8. Couple more pics w/file names "Fsurv\_london\_ps2.png" and "Fsurv\_london\_ps.png". Still going with surveillance (surv) pics of Peter Strzok (ps) in London during Crossfire Hurricane. I could be way off but without any other contextual clues, that's my best guess.

10. An anon speculated re: 3 May pics of pallets in a truck & AT&T in Hong Kong if related to smart phones for Cabal mbrs to communicate w/each other. Q replied "We are everywhere Anon." w/pic of Air China at airport w/several pallets. Are they ZTE phones? Recently banned by DoD.

Anonymous ID: 96ba5f 1448466

A theory ?  
Those pallets were full of smart phones to be distributed members, i.e. Hillary, bill, Hussein, bremer, etc.. These were special phone which the cabal thought could not be tracked or monitored. The cabal needed a new way to communicate after Q exposed their gmail draft and game forum methods. Hillary was in NZ (FIVEYES), not only to raise funds (if that is the true story) but to test out the phones. Under directions of Trump, NZ told Hillary that the phones were good. The cabal worked with China's ZTE for these special PHONES. That is why ZTE was in the news lately. Trump drew attention to them to send the cabal a message that he was on to them.

The pics in London show the cabal meeting up after communicating with their secret phones.  
Just a theory.
