House passes measure demanding DOJ documents

In a 226-183 vote, lawmakers approved the messaging measure, which calls on the DOJ to turn over all of the documents House Republicans have requested related to the FBI's handling of investigations during the 2016 presidential election.

The party-line vote, with one Republican voting present, puts the entire conference on the record in the escalating feud between the DOJ and House Republicans, who have been fighting for months for access to a trove of highly-sensitive documents.

Trump urges North Dakota fans to fire Sen. Heitkamp

PRESIDENT BACKS CRAMER'S CANDIDACY

Trump vows to hold or increase GOP numbers

by DARLENE SUPERVILLE
The Associated Press

FARGO, N.D. — President Donald Trump urged voters Wednesday to fire "liberal democrat" Sen. Heidi Heitkamp in November, claiming that she promised to be an independent mind but instead has voted in lockstep with her party leadership against his agenda. Trump called instead for the election of U.S. Rep. Devin Cramer, a Republican and one of Trump's staunchest allies in Congress. "When Heidi ran for office, she promised to be an independent vote for the people of North Dakota," Trump said to an arena packed with cheering supporters in Fargo. Instead, she went to Washington and immediately sided with Chuck ... and Nancy," referring to Democratic congressional leaders Sen. Chuck Schumer and Rep. Nancy Pelosi. Heitkamp, one of the

<https://www.bustle.com/articles/175023-what-is-iron-hand-in-jason-bourne-get-ready-to-close-all-your-social-media-accounts>

Deep Dream = Google? Facebook? Twitter? All of them?

Jason Bourne, the new, redundant and really quite bad sequel to the apparently never-ending Matt Damon spy-thriller franchise, features a moment so utterly ridiculous and bizarre that it provoked spontaneous, theatre-wide laughter when I saw it in a cinema.

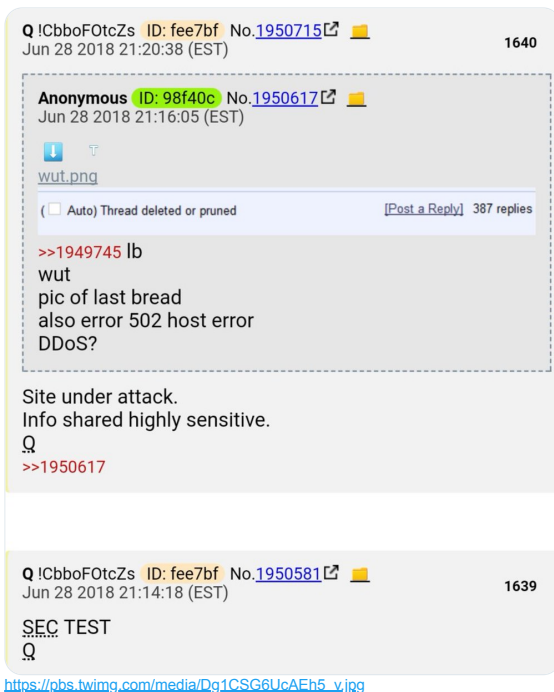

Here's what happens: Aaron Kalloor, a wealthy Palo Alto tech magnate modelled fairly transparently on Mark Zuckerberg, is delivering some kind of industry keynote to a room full of reporters and media types. He's just announced Deep Dream, his company's new social media platform, which he describes (vaguely) as an all-in-one recommendation engine that tracks its users' behaviours and preferences in order to personalize their experience.

<https://pbs.twimg.com/media/Dg1A5UiXkAFINXG.jpg>

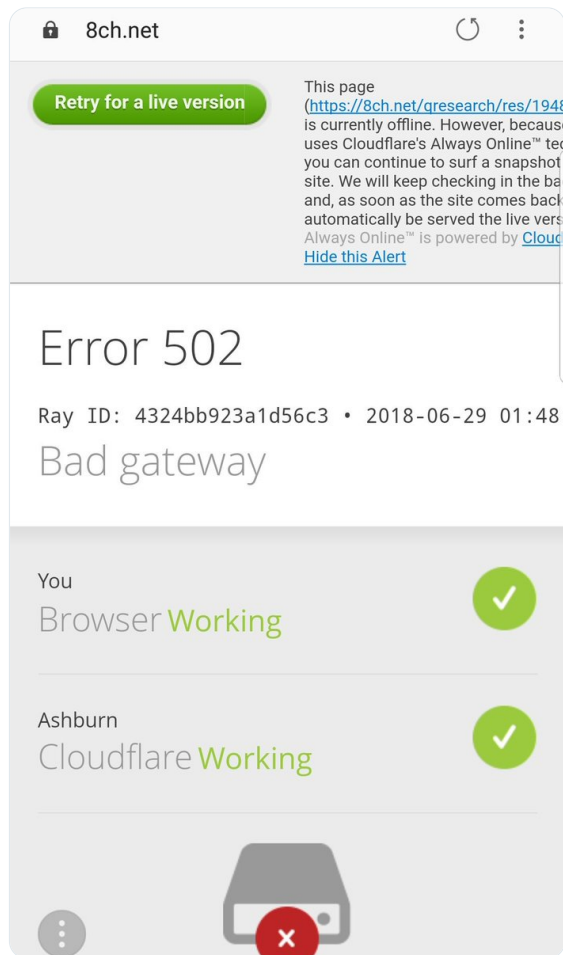

In the film, the CIA is building Iron Hand around a deal with a social media giant called Deep Dream. It's hinted that the agency provided seed money for the social network, which has since become Facebook-sized and boasts a billion-and-a-half users. Given its wide reach, the CIA is now calling in a favor, wanting back-door entry past encryption; giving them access to all of those users' personal information. The codename for this scheme, of course, is Iron Hand. The current political climate doesn't necessitate the molding of super spies so much anymore as it does looking for ways to gain access to all of the information everyone already puts on the internet willingly. Iron Hand is basically everyone's worst fear about their increased online presence come to life, and it's what Jason Bourne wants to stop from happening in the new film.

Who brings the votes (House floor)?

Who decides?

Why is this important?

What is coming?

Full weight of the House.

Some must remain clean (distance) from what is about to happen.

Q

What vote occurred today?

Full weight of the House.

Why is this relevant?

Provides supportable grounds for?

Deadline?

Q

27. Earlier tonight @55true4u tweeted: "Ask yourself a simple question.

If Q is a LARP then why hasn't Donald J. Trump completely discounted it?

I think you know the answer ..."

MSM won't ask because they KNOW the answer & if @realDonaldTrump confirms, game over!

Force it Q!

huh?

Bullshit meter off the charts with this one

We are waiting for a reporter to ask the ultimate question.
What are they waiting for?

They can end this at any time simply by asking POTUS,
right?

We may have to 'force' this one.

28. Here's the article an anon posted that Q was responding to (#27 this thread).

"It's possible that Q is just a conspiracy theory, and it's also possible that it's real. But to assume either may underestimate its purpose and its potential."

29. If Q team 'forces' MSM to acknowledge Q is legit via POTUS confirmation or someone close to POTUS, Q can prove everything shared is true. DS & MSM know this. People not yet awake will be scared & lost or reject outright. We must help them. Truth, arrests, resignations coming.

It must happen.

Conspiracy no more.

Think of every post made.

It would force us to prove everything stated to avoid looking crazy, correct?

What do they fear the most?

Public awakening.

If they ask.

They self destruct.

They know this is real.

See attacks.

The build is near complete.

Growing exponentially.

You are the frame.

You are the support.

People will be lost.

People will be terrified.

People will reject.

People will need to be guided.

Do not be afraid.

We will succeed.

Timing is everything.

Think Huber.

Think DOJ/FBI reorg.

Think sex/child arrests / news.

Think resignations (loss of control).

How do you remove evil in power unless you reveal the ultimate truth?

It must be compelling to avoid a divide (political attack/optics).

We are the majority (growing).

WW.

Sheep no more.

TOGETHER.
