1. Wall Street knows the illegal activities committed by FB, Twitter, Google, etc. will soon be exposed. Insiders are dumping their shares before these social media companies "collapse under the weight of their illegal activities."

3. Strzok was lead investigator for both HRC email/server scandal & Russian collusion.
@RepMarkMeadows says they will likely bring him in to answer more questions re: knowledge of Steele

dossier.

'Very probable' that Peter Strzok will be called for more testimony, Meadows says

FBI official Peter Strzok will likely be recalled to answer questions from lawmakers regarding his knowledge of the salacious Steele Dossier that circulated before the 2016 election.

You can count the people who have the full picture on two hands.
Of those (less than 10 people) only three are non-military.
Why is this relevant?
Game theory.
Outside of a potential operator who has been dialed-in w/ orders (specific to his/her mission) nobody else has this information.
Operators never divulge.
