FOR IMMEDIATE RELEASE

Monday, June 18, 2018

Joshua Adam Schulte Charged With The Unauthorized Disclosure Of Classified Information And Other Offenses Relating To The Theft Of Classified Material From The Central Intelligence Agency

Geoffrey S. Berman, United States Attorney for the Southern District of New York, John C. Demers, Assistant Attorney General for National Security, and William F. Sweeney Jr., Assistant Director-in-Charge of the New York Field Office of the Federal Bureau of Investigation ("FBI"), announced today that JOSHUA ADAM SCHULTE was charged in a 13-count Superseding Indictment (the "Indictment") in connection with his alleged theft of classified national defense information from the Central Intelligence Agency ("CIA") and the transmission of that material to an organization that purports to publicly disseminate classified, sensitive, and confidential information ("Organization-1"). The Indictment also charges SCHULTE with the receipt, possession, and transportation of child pornography, as well as criminal copyright infringement. SCHULTE, who is presently detained on the child pornography charges, will be arraigned by U.S. District Judge Paul A. Crotty.

<https://pbs.twimg.com/media/DjbbJAFUYAAp0kK.jpg>

On March 7, 2017, Organization-1 released on the Internet classified national defense material belonging to the CIA (the "Classified Information"). In 2016, SCHULTE, who was then employed by the CIA, stole the Classified Information from a computer network at the CIA and later transmitted it to Organization-1. SCHULTE also intentionally caused damage without authorization to a CIA computer system by granting himself unauthorized access to the system, deleting records of his activities, and denying others access to the system. SCHULTE subsequently made material false statements to FBI agents concerning his conduct at the CIA.

SCHULTE was previously arrested on August 24, 2017, on charges relating to his receipt, possession, and transportation of approximately ten thousand images and videos of child pornography. In March 2017, members of the FBI had searched SCHULTE's residence in New York, New York, pursuant to a search warrant and recovered, among other things, multiple computers, servers, and other portable electronic storage devices, including Schulte's personal desktop computer (the "Personal Computer"). On the Personal Computer, FBI agents found an encrypted container (the "Encrypted Container"), which held over 10,000 images and videos of child pornography. The Encrypted Container with the child pornography files was identified by FBI computer scientists beneath three layers of password protection on the Personal Computer. Each layer, including the Encrypted Container, was unlocked using passwords previously used by SCHULTE on one of his cellphones. Moreover, FBI agents identified Internet chat logs in which SCHULTE and others discussed their receipt and distribution of child pornography. FBI agents also identified a series of Google searches conducted by SCHULTE in which he searched the Internet for child pornography.

Alleged CIA Leaker Joshua Schulte Has Some of the Worst Opsec I've Ever Seen

Joshua Schulte uploaded CIA code to a personal website linked to his real name, archived versions of the site show.

A former CIA intelligence officer who is suspected by the government of leaking classified information to WikiLeaks appears to have uploaded at least some CIA-related source code to a personal website linked to his real name, files reviewed by Motherboard show. For years, the site was available to anyone on the internet and the server that hosted it was seized by the government in an ongoing child pornography case against him.

Our movement is about replacing a failed and corrupt political establishment with a new government controlled by you the American people. The Washington establishment and the financial and media corporations that fund it, exists for only one reason; to protect and enrich itself. The establishment has trillions of dollars at stake in this election. For those who control the levers of power in Washington and for the global special interests, they partner with these people that don't have your good in mind. Our campaign represents a true existential threat like they haven't seen before. This is not simply another 4 year election. This is a crossroads in the history of our civilization that will determine whether or not we the people reclaim control over our government. The political establishment that is trying to stop us is the same group responsible for our disastrous trade deals, massive illegal immigration and economic and foreign policies that have bled our country dry. The political establishment has brought about the destruction of our factories and our jobs as they flee to Mexico, China, and other countries all around the world. It is a global structure that is responsible for the economic decisions that have robbed our working class, stripped our country of its wealth and put that money into the pockets of a handful of large corporations and political entities. This is a struggle for the survival of our nation and this will be our last chance to save it. This election will determine whether we are a free nation or whether we have only the illusion of democracy but are in fact controlled by a small handful of global special interests rigging the system and our system is rigged. This is reality, you know it, they know it, I know it and pretty much the whole world knows it. The Clinton machine is at the center of this power source. We've seen this first hand in the wiki documents in which Hillary Clinton meets in secret with international banks to plot the destruction of US sovereignty in order to enrich these global financial powers, her special interest friends and her donors. Honestly, she should be locked up. The most powerful weapon deployed by the Clintons is the corporate media, the press. Let's be clear on one thing, the corporate media in our country is no longer involved in journalism. They're a political special interest no different than any lobbyist or other financial entity with a total political agenda and the agenda is not for you it's for themselves. Anyone who challenges their control is deemed a sexist, a racist, a xenophobe, they will lie, lie, lie, and then again they will do worse than that. They will do whatever is necessary. The Clintons are criminals, remember that this is well documented and the establishment that protects them has engaged in massive cover up of widespread criminal activity at the state department and the Clinton foundation in order to keep the Clintons in power. They knew they would throw every lie they could at me and my family and my loved ones. They knew they would stop at nothing to try to stop me. Nevertheless I take all of these slings and arrows gladly for you. I take them for our movement so that we can have our country back. I knew this day would arrive, it was only a question of when and I knew the American people would rise above and vote for the future they deserve. The only thing that can stop this corrupt machine is you, the only force strong enough to save our country is us. The only people brave enough to vote out this corrupt establishment is you the American people. Our great civilization has come upon a moment of reckoning. I didn't need to do this folks, believe me. I built a great company and I had a wonderful life. I could have enjoyed the fruits and benefit of years of successful business deals and businesses for myself and my family instead of going through this absolute horror show of lies, deceptions, malicious attacks. Who would have thought? I'm doing it because this country has given me so much and I feel so strongly that it's my turn to give back to the country that I love. I'm doing this for the people and for the movement and we will take back this country for you and we will make America great again. Donald J. Trump 2016

THIS! This is what I was getting at about a dozen breads ago! The clowns snookered the FBI (with willing complicity by bad actors at the FBI) into believing the Russian narrative, and by using their Vault 7 tools to leave enough "Russian" fingerprints to point the finger . . . because the FBI didn't "officially" know about the Vault 7 capabilities! My wife made the sign. I just checked in here because we had no internet inside the rally. We are driving home to Ocala when we saw the Q drop, we are ecstatic Q saw my wife's Q. We had our son hold it because he's so tall!
