1. Sample 3 list of MSM hit pieces on Q "conspiracy theory". After last night's rally & all the Q signs/tee shirts, they need to convince the masses it's a "crazy fringe movement". 4am Secure Drop Mockingbird memo. MSM must've asked @Jack to lift "Qanon" ban (trending at #17!).

Game theory: "The key to game theory is that one player's payoff is contingent on the strategy implemented by the other player."

Q is now mainstream! Buckle up!

**Game Theory Definition**

Game theory is a framework for modeling scenarios in which conflicts of interest exist among the players.

You can count the people who have the full picture on two hands.

Of those (less than 10 people) only three are non-military.

Why is this relevant?

Game theory.

Outside of a potential operator who has been dialed-in w/ orders (specific to his/her mission) nobody else has this information.

Operators never divulge.

Alice & Wonderland.

Mainstream = when you are now the news.

Mainstream = when a WH pool reporter asks about you.

Mainstream = when coordinated attacks (waves) against you continue to occur.

Game Theory.

8. More MSM hit pieces on Q. This was planned days in advance for today's media blitz. @FoxNews zoomed in on several Q signs at last night's rally. They aren't attacking because it would blow their controlled opposition cover and their ratings would TANK (IMHO).
