Prosecutors use grand jury as investigation of Andrew McCabe intensifies

Federal prosecutors have for months been using a grand jury to investigate former FBI deputy director Andrew McCabe — an indication the probe into whether he misled officials exploring his role in a controversial media disclosure has intensified, two people familiar with the matter said.

The grand jury has summoned more than one witness, the people said, and the case is ongoing. The people declined to identify those who had been called to testify.

The presence of the grand jury shows prosecutors are treating the matter seriously, locking in the accounts of witnesses who might later have to testify at a trial. But such panels are sometimes used only as investigative tools, and it remains unclear if McCabe will ultimately be charged.

A spokesman for the U.S. attorney's office in D.C., which has been handling the probe, declined to comment, as did a spokeswoman for McCabe.

Goodlatte: Leaks are a serious problem in Washington

Rep. Bob Goodlatte says he does not believe the inspector general investigation into the Hillary Clinton email probe will be sufficient.

House Judiciary Committee Chairman Bob Goodlatte subpoenaed the Justice Department on Thursday for documents regarding the charging decisions in the investigation into Hillary Clinton's private email server, potential abuses of the Foreign Intelligence Surveillance Act and the recommendation from the FBI's Office of Professional Responsibility to fire former FBI Deputy Director Andrew McCabe.

Q Clearance Patriot

My fellow Americans, over the course of the next several days you will undoubtedly realize that we are taking back our great country (the land of the free) from the evil tyrants that wish to do us harm and destroy the last remaining refuge of shining light. On POTUS' order, we have initiated certain fail-safes that shall safeguard the public from the primary fallout which is slated to occur 11.3 upon the arrest announcement of Mr. Podesta (actionable 11.4). Confirmation (to the public) of what is occurring will then be revealed and will not be openly accepted. Public riots are being organized in serious numbers in an effort to prevent the arrest and capture of more senior public officials. On POTUS' order, a state of temporary military control will be actioned and special ops carried out. False leaks have been made to retain several within the confines of the United States to prevent extradition and special operator necessity. Rest assured, the safety and well-being of every man, woman, and child of this country is being exhausted in full. However, the atmosphere within the country will unfortunately be divided as so many have fallen for the corrupt and evil narrative that has long been broadcast. We will be initiating the Emergency Broadcast System (EMS) during this time in an effort to provide a direct message (avoiding the fake news) to all citizens. Organizations and/or people that wish to do us harm during this time will be met with swift fury – certain laws have been pre-lifted to provide our great military the necessary authority to handle and conduct these operations (at home and abroad).

Why are bots and/or paid shills tasked to down vote and/or 'shill' 'Q' discussion boards?
Why is FAKE NEWS media attacking this movement in strategic/coordinated waves [similar anti-POTUS tactics]?

Jerome Corsi, a far-right political commentator and conspiracy theorist, has been subpoenaed to testify before a grand jury in Washington, DC, as part of the special counsel Robert Mueller's Russia investigation.

Corsi's lawyer, David Gray, said his client was feeling "confident and cooperative" ahead of his Friday morning testimony.

All team effort, coordinated 'collective' attacks with pawns and actors serving black hat agenda and attempting to control/divide the Patriots.

Think Mueller.

Who is testifying before Mueller tomorrow?

Forensic data analysis on phone(s) and/or computers?

This is not about Guccifer 2.0.

What happens if Mueller 'proves' 'Free Speech Systems LLC' aka 'InfoWars' is linked to a Foreign Intel Agency or other Non_Domestic entity?

How can the 'LEFT' use that information to DIVIDE and CENSOR the RIGHT?

Why are affiliates of InfoWars constantly attacking 'Q'?

Who is pulling the strings?

Instead, Congressional hearings on the 9/11 terrorist attack praised Rowley as a whistleblower for her testimony that F.B.I. Director Robert Mueller failed to follow-up on her August 2001 memo about 9/11 plotter Zacarias Moussaoui (aka "the 20th hijacker") who was then taking flight training for 747 aircraft near Minneapolis. No mention was made of the failure of Rowley's office to follow-up when informed in 1998 that Jerome Corsi had been positively identified as an Israeli agent. Nor was mention made of how a thorough investigation of my 1997 experience in Iraq could have led to identifying the cells in Minneapolis that were then pre-staging the local scene for Moussaoui. In December 2002, Time Warner executives featured Rowley and two other whistleblowers as Person of the Year on the cover of the year-end issue of *Time* magazine.^[42] In July 2005, Rowley announced her (failed) candidacy for Congress.^[43]

Jerome Corsi—His Payoff

Corsi continued to perform as an Israeli agent. In return for his role in stalking me, he was made into a best-selling author of a series of books written to advance Israel's long-term agenda. Those books include *Unfit for Command—Swift Boat Veterans Speak Out Against John Kerry* (2004). This book was published to help undermine the presidential campaign of Senator John Kerry and keep George W. Bush in office following the disputed 2000 presidential when the Supreme Court ruled Bush the victor. Those who produced the Bush presidency wanted this dysfunctional Christian Zionist in office to take the U.S. to war in reaction to the provocation of 9/11 reliant on intelligence fixed around Tel Aviv's agenda. The U.S. invaded a nation that played no role in 9/11 as pre-staging to reignite an ancient Shia/Sunni conflict that allied Israel with the Sunni-dominant Gulf States against Shia-dominant Iran.
