Future proves past:

In an effort to preserve the integrity of all U.S. elections, as ordered by the President of the United States, after an extensive investigation in select counties (the 'sampling'), the DHS has concluded that while Russian entities (as outlined within SC Mueller's investigation were complicit in attempting to undermine the presidential election of 2016) had no direct impact or bearing on the outcome of the presidential election, nor were any U.S. person(s) knowingly part of such an attempt to sabotage as it relates to the Russian investigation, U.S. and other foreign entities (as further described with DHS**[XXXX]**), acting outside of Russian agents, did attempt on numerous occasions, and were successful, in interfering w/ the presidential election of 2016, senate elections of **[x, y, z]**, **[x]** elections, whereby several million of illegal, non-resident ballots (the "irregularities") were counted, while legal ballots were improperly tabulated and/or intentionally mishandled. We believe these actions were a coordinated attack against the democracy of our country.

The DHS will be submitting a final report to the WH/DOJ/other state and local agencies outlining our findings as early as March **[ ]**, 2018. While this report only encompasses a sampling of twenty-two (22) counties across the U.S., it is strongly suggested, based on the evidence provided, that a mandated countrywide investigation begin under the recommended US50-EIC guidelines as set forth in Section VII of the final report. Furthermore, based on our immediate findings, we recommend the adoption of 8(E)(F)(G)(H) be made immediately to combat sources & methods currently being deployed to ....

3. (Part 2 of #2690). D's DON'T want voter ID laws & DO want open borders so illegals can vote. D's claim voter ID laws = voter suppression implying minorities & poor people incapable of getting photo IDs. Racists! 2008 SC ruling is the perfect foundation for Nat'l Voter ID law.

Will the DOJ support the push instead of file legal challenges as [LL] did in the past?
If the SC ruled in 2008 that VOTER ID laws do not impact/harm or prevent 'minorities' from voting, how could the U.S. 4th Circuit Court rule opposite?

The ruling prohibits North Carolina from requiring photo identification from voters in future elections, including the November 2016 general election. It restores a week of early voting and preregistration for 16- and 17-year-olds, and ensures that same-day registration and out-of-precinct voting will remain in effect.

U.S. Attorney General Loretta Lynch, who leads the U.S. Department of Justice that was a party in the lawsuit challenging the law, praised the appellate panel for striking down a law "that the court described in its ruling as 'one of the largest restrictions of the franchise in modern North Carolina history.'" Lynch described the law as one that placed "barriers between citizens and the ballot box."

"And it sent a message that contradicted some of the most basic principles of our democracy," Lynch said in her statement. "The ability of Americans to have a voice in the direction of their country – to have a fair and free opportunity to help write the story of this nation – is fundamental to who we are and who we aspire to be. Going forward, the Department of Justice will continue our work to protect that sacred right for all."

How does [AS] know what MUELLER has/hasn't
