New Q (15 Feb): With Barr confirmation, Mueller investigation wrapping up, & negative news like McCabe admitting DOJ's targeting of POTUS, anticipate FF (false flag op) to change news cycle. A State funeral or attempted Vegas-style mass casualty event possible in next 10 days?

Be alert next 10 days.

FF attempts may be carried out in attempt to change narrative (neg optics).

High possibility of 'multiple day' coverage event forcing pause on news.

For the coming days ahead.

Ask yourself an honest question, why would a billionaire who has it all, fame, fortune, a warm and loving family, friends, etc. want to endanger himself and his family by becoming POTUS?

Why would he want to target himself and those he cares about?

Does he need money?

Does he need fame?

What does he get out of this?

Does he want to make the US/world a better place for his family and for those good and decent people who have long been taken advantage of?

Perhaps he could not stomach the thought of mass murders occurring to satisfy Moloch?

Perhaps he could not stomach the thought of children being kidnapped, drugged, and raped while leaders/law enforcement of the world turn a blind eye.

Perhaps he was tired of seeing how certain races/countries were being constantly abused and kept in need/poor/and suffering all for a specific purpose.

Perhaps he could not in good conscious see the world burn.

Why, hours after the election, did seven people travel to an undisclosed location to hold a very private & highly secured/guarded meeting?

Why didn't HRC give a concession speech?

When was the last time a presidential candidate didn't personally give a concession speech?

CBS News's Scott Pelley appeared on "CBS This Morning" Thursday to discuss his interview with McCabe, saying that McCabe told him about the efforts to figure out "what to do" with Trump during the eight days between the firing of then-FBI Director James Comey and the appointment of special counsel Robert Mueller.

"There were meetings at the Justice Department at which it was discussed whether the vice president and a majority of the Cabinet could be brought together to remove the president of the United States under the 25th Amendment," Pelley said Thursday. "And the highest levels of American law enforcement were trying to figure out what to do with the president."

## DHS official: Border security bill does not contain 'amnesty' poison pills

By Maxim Lott | Fox News

Immigration hawks slammed the border security compromise [President Trump](#) signed into law Friday for containing last-minute provisions that they argued give "amnesty" to many – but a Department of Homeland Security official insisted to Fox News that's a misunderstanding of the bill.

The amnesty claim was made by lawmakers and conservative commentators.

[https://pbs.twimg.com/media/DzfiER\\_WsAAFGMm.jpg](https://pbs.twimg.com/media/DzfiER_WsAAFGMm.jpg)

For example, to be a "potential sponsor" according to the DHS regulations, one must file significant paperwork – such as showing ID (U.S. or foreign) and proof of residency. The adult applying must also submit documents about the child.

Further, because the bill only applies to kids who are unaccompanied, it does not provide protection for those bringing kids into the US.

That would significantly limit the number of people to whom the no-deportation provision applies.
