Waters > CA rep since 1991

Schiff > CA rep since 2001

Feinstein > CA rep since 1992

Harris?

Lead by example?

CA estimated \$2T in debt?

Homelessness population on the rise?

Highest tax rates in the Country?

Undocumented Immigrants in California vs Nation?

Uncontrollable state gov spending?

If you can't fix your own home state, what makes you think you can fix the Country?

"If you are living in one of the 49 other states, you should learn from the lesson that is California. If you are living in California, there is always the lesson of how Michigan came to be governed by a more centrist government. Of course, that came after the failure of the prior government. For now, however, for all its concern for sustainable foods and products, California is on a high-speed rail to unsustainability."
