VRB-TAZ:SD

Dear Mr. Evers:

This is a supplemental response to your Freedom of Information Act (FOIA) request dated November 22, 2017, in which you requested various records pertaining to the Department's November 13, 2017 response to Rep. Robert Goodlatte's July 27, 2017 and September 26, 2017 letters, specifically, records reflecting guidance to prosecutors who have been directed to evaluate certain issues raised in Congressman Goodlatte's letters. This response is made on behalf of the Office of the Attorney General (OAG) and Deputy Attorney General (DAG).

We issued a response to you in this request (the "Guidance" request) and three related requests on July 16, 2018. Subsequently, we issued a supplemental response for these four requests on October 31, 2018, providing you with additional records located after re-examining searches necessitated by the need to remedy a technical issue. Recently, we became aware of additional material responsive to the "Guidance" request that was not located in our previous searches, consisting of six pages.

I have determined that these six pages are appropriate for release in full, and copies are enclosed.

For your information, Congress excluded three discrete categories of law enforcement and national security records from the requirements of the FOIA, 5 U.S.C. § 552(c) (2)(D) & Supp. IV (2016). This response is limited to those records that are subject to the requirements of the FOIA. This is a standard notification that is given to all our requesters and should not be taken as an indication that excluded records do, or do not, exist.

What access does a House member have?

What access does a House Committee member have?

Think [Brennan] spy campaign > US SENATE

What happens when the C.A targets [spy insertion] the Executive, House, Senate, DOJ, FBI, State, etc branches of the UNITED STATES GOV?

How many so-called 'former' C.A agents ran for House elections in 2018?

What party?

What happens when people wake up to the fact that FB is a cover for LifeLog [DARPA]?

What happens when people discover all RT data [inputs + listening/camera/GPS meta] is being harvested and made accessible to Langley?

Charter of the NSA? DOMESTIC + FOREIGN?

Charter of the C.A? FOREIGN (NOT DOMESTIC (FORBID LAW))

Why is the C.A conducting an active umbrella collection campaign [stringer tangents to 9] against all US citizens through LifeLog [FB] absorb/tan targeting?

Bypass data encryption on phone/tablet etc?

Primary focus on elected officials?

Primary focus on elected officials in key sub committees?

Can activation occur of 'recording' local on device pre SCIF entry?

No logs.

No keys.

Ghost in-Ghost out.

People only engage security (+ escape vehicles) when they have something very serious to FEAR.

What is that FEAR for MZ?

### Report: Mark Zuckerberg's conference room has a secret 'panic chute'

A new report by Business Insider looked into Facebook's security practices, specifically CEO Mark Zuckerberg and how far he is willing to take his privacy and safety. According to the report, Zuckerberg reportedly has a 'panic chute' in one of Facebook's giant conference rooms. The 'chute' allows his team to evacuate him down and get him out of the office in a hurry.

Get the popcorn, Friday & Saturday will deliver on the MAGA promise. POTUS knows he must clean house (gov't in order to 'free up' and demonstrate who has authority in order to pass important legislation. This was always the priority. Remember, AG Sessions cannot look like an impartial player that is out to get all former Obama team members as we need him for other important work. All will come into focus and for anyone to think POTUS is not in control is kidding themselves. Also, he's 100% insulated with zero risk of impeachment (fact).

"It strains credulity to believe that the Justice Department didn't know about this letter when they swore under penalty of perjury that it didn't exist—you don't exactly forget about a formal directive to investigate Hillary Clinton signed by Jeff Sessions," he added.

"The fact that they only 'found' it the same week Matthew Whitaker was heading for the exit makes it hard to see DOJ's previous denial as anything but a deliberate attempt to conceal....."

"Sessions and Whitaker shouldn't escape accountability by skipping town." — SCARAMUCCI MODEL?

How do you keep a secret?

How do you prevent leaks?
