Number(s) do not always equate to days.
The face of a watch/clock has multiple versions.
Incorrect interpretations pushed as statements of fact often lead to pitfalls [stranglehold 'choke' tactic used by attackers].
Increase in attacks (de-platform, shill infiltration, MSM/Fake MAGA direct, link(s) to terrorism/acts of violence) only demonstrates validity and close proximity to JUSTICE [PAIN].

THE OFFICE OF BARACK OBAMA

FOR IMMEDIATE RELEASE March 18, 2019

Statement from President Barack Obama on the Passing of Alan Krueger

Over the weekend, America lost a brilliant economist, and many of us lost a dear friend.

When I asked Alan Krueger to serve as my chief economist in the White House, he'd already had a stellar career inside and outside of government. He spent the first two years of my administration helping to engineer our response to the worst financial crisis in 80 years, and to successfully prevent the chaos from spiraling into a second Great Depression. During his tenure as the Chair of my Council of Economic Advisors, he helped us return the economy to growth and sustained job creation, to bring down the deficit in a responsible way, and to set the stage for wages to rise again.

But Alan was someone who was deeper than numbers on a screen and charts on a page. He saw economic policy not as a matter of abstract theories, but as a way to make people's lives better. He believed that facts, reason, and evidence could make government more responsive, and his enthusiasm and curiosity was truly infectious. It's part of what made him not only a great economist but a great teacher – someone who could make complicated subjects accessible and even fun. A landmark, real-world study on the positive impact of the minimum wage. His creation of the "Gatsby Curve" that illustrated the connection between concentrated wealth and social mobility between generations. A rollicking speech at the Rock and Roll Hall of Fame on how understanding the economics of rock and roll might help us solve one of his deepest concerns: rebuilding the middle class in a changing economy. Through it all, he had a perpetual smile and a gentle spirit – even when he was correcting you. That's what made him Alan – a fundamentally good and decent man.

My thoughts today are with his wife, Lisa, their kids, Ben and Sydney, his many students and colleagues, and everyone who loved and will miss Alan Krueger.

Started digging on the pic Q posted, trying to figure out who took the pic.

Doing a search of it on TinEye, the first article that pops up is from True Pundit, last March.

One thing that popped out, going to dig further in a bit, was the location the pic was taken:

<https://pbs.twimg.com/media/D2Jvy9-XQAEbqjY.jpg>

"Clinton is seen here kicking back at a beach day in Jan. 2017 in Palmilla, Bayahibe, an exclusive haven of warm waters and refuge, near the so-called Paso de Catuano, very close to Isla Saona. This resort is only in accessible by private boat."

No idea who took the pic yet, still digging, but thought I'd share the location in case it helps one of you.

Anybody know anything about this "resort" ?? Is it a "Last Resort" ?

In early December, Rachel Chandler and Walter Pearce of the new boutique casting and model management agency Midland had already begun preparations for their 2017 season. And while the pair couldn't discuss their upcoming projects in any detail, they were clear on one thing: These are the models poised to have a breakout year. 18. Is Rachel Chandler trafficking young people in plain sight under the guise of hiring them for her "modeling agency"? Q recommends reporting this to the FBI/DOJ to see what happens and spotlight results.

Let's take a closer look, shall we?

Channel 6 shows someone sitting down, with hands on head.

Channel 10 shows a room full of people sitting on buckets. Hard to tell the ages of those people.

Channel 11 has people speculating that the figure seen is Hillary Clinton. Hard to tell with the image quality.

Channels 15 and 16 has people, but it's difficult to discern what they are doing.

Could this be the actual shit storm? Footage leaked from Jeffrey Epstein's PedoSkull Island, Little Saint James?

CLINTON STYLE: Waris Ahluwalia, the actor and designer behind jewelry line House of Waris, was commissioned to design a pendant for the William J. Clinton Foundation's gala dinner and live auction tonight at the Hollywood Palladium in Los Angeles. The event will celebrate the 10th Anniversary of the Clinton Foundation as well as Bill Clinton's 65th birthday.

Waris worked with a local goldsmith, engraver and furniture maker to produce the pendant and packaging, all handmade in New York. Comprised of 18kt gold and oxidized silver, the piece's front is emblazoned with the words 'Omnia Vincit Amor' ('love conquers all'), while the backside features the numbers '10 42 65' – 10 for the 10th anniversary of the foundation, 42 for Clinton as the 42nd President, and 65 in honor of his 65th birthday.

January: Virginia Roberts files court papers in Florida claiming that she was forced by Epstein to have sex with Prince Andrew and lawyer Alan Dershowitz when she was underage. In a sworn affidavit, she provides photographs of her with the prince and with Epstein's close associate, British socialite Ghislaine Maxwell. She claims Maxwell worked as Epstein's madam, which she denies. Dershowitz and the prince deny her claims as well, setting off a series of legal actions between Dershowitz and Roberts' attorneys that are later resolved in an out-of-court settlement.
